~~0078035317_Human Pdf — Dorothy Graves~~

Human genetic diversity decreases in native populations with migratory distance from Africa, and this is thought to be the result of bottlenecks during human migration. [188] [189] Humans have lived in Africa for the longest period of time, but only a part of Africa's population migrated out of the continent into Eurasia , bringing with them just a portion of the original African genetic variety.
