Chinese Face Mapping: An Ancient Guide to Healing Your Face & Body. The eyes never lie and the face tells all. It is true that the eyes are the window to the soul and according to Traditional Chinese Medicine, the face is the map which decodes the mind, body, and soul's silent language. We've all experienced this in some way or another – non-verbal exchanges to others passing by, tired eyes exhibiting a sleepless night, and the basic idea of body language.
