Krak! — and look forward to talking with her during this weekend's UUSC Get-Together with her — my favorite story in the collection is "The Wall of Fire Rising." The story is elemental, a haunting tale of a father's shame, a mother's love, and child's innocent belief, all centered around the impossibly hopeful subject of a classroom play about a hero of Haitian independence and a hot air balloon.

voice, these 10 stories, some of which have appeared in small literary journals, confirm Danticat's reputation as a remarkably gifted writer. Examining the lives of ordinary Haitians, particularly those struggling to survive under the brutal Duvalier regime, Danticat illuminates the distance between people's desires and the stifling reality of their lives. A profound mix of Catholicism and voodoo spirituality informs the tales, bestowing a mythic importance on people described in the opening story, "Children of the Sea," as those "in this world whose names don't matter to anyone but themselves." The ceaseless grip of dictatorship often leads men to emotionally abandon their families, like the husband in "A Wall of Fire Rising," who dreams of escaping in a neighbor's hot-air balloon. The women exhibit more resilience, largely because of their insistence on finding meaning and solidarity through storytelling; but Danticat portrays these bonds with an honesty that shows that sisterhood, too, has its power plays. In the book's final piece, "Epilogue: Women Like Us," she writes: "Are there women who both cook and write? Kitchen poets, they call them. They slip phrases into their stew and wrap meaning around their pork before frying it. They make narrative dumplings and stuff their daughter's mouths so they say nothing more." The stories inform and enrich one another, as the female characters reveal a common ancestry and ties to the fictional Ville Rose. In addition to the power of Danticat's themes, the book is enhanced by an element of suspense (we're never certain, for example, if a rickety boat packed with refugees introduced in the first tale will reach the Florida coast). Spare, elegant and moving, these stories cohere into a superb collection.

Caribbean Women Writers and Globalization offers a fresh reading of contemporary literature by Caribbean women in the context of global and local economic forces, providing a valuable corrective to much Caribbean feminist literary criticism. Departing from the trend towards thematic diasporic studies, Helen Scott considers each text in light of its national historical and cultural origins while also acknowledging regional and international patterns. Though the work of Caribbean women writers is apparently less political than the male-dominated literature of national liberation, Scott argues that these women nonetheless express the sociopolitical realities of the postindependent Caribbean, providing insight into the dynamics of imperialism that survive the demise of formal colonialism. In addition, she identifies the specific aesthetic qualities that reach beyond the confines of geography and history in the work of such writers as Oonya Kempadoo, Jamaica Kincaid, Edwidge Danticat, Pauline Melville, and Janice Shinebourne. Throughout, Scott's persuasive and accessible study sustains the dialectical principle that art is inseparable from social forces and yet always strains against the limits they impose. Her book will be an indispensable resource for literature and women's studies scholars, as well as for those interested in postcolonial, cultural, and globalization studies.
