Hidden somewhere, in nearly every major city in the world, is an underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author and journalist, spent two years living among them, using the pseudonym Style to protect his real-life identity. The result is one of the most explosive and controversial books of the last decade—guaranteed to change the lives of men and transform the way women understand

the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange—and passions lead to betrayals lead to violence. The Game is the story of one man's transformation from frog to prince to prisoner in the most unforgettable book of this generation.

Drawing from his vast experience with women, the world-renowned seducer Aaron Sleazy wrote Minimal Game for regular guys who want to get laid more often, and without having to rely too much on luck. This is a fairly modest

goal, but it is a realistic one that is within reach for pretty much any man. The knowledge in this book will enable you to have a stable sex life, so that lack of sex will cease to be a source of frustration for you. However, by revealing the key aspects of seduction, Minimal Game provides such a strong foundation that you will greatly benefit from it even if you are already getting a lot of women. In this case, you will learn how to become much more efficient, which will get you more girls in less time, and girls you have more in common with.

Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. do not simply bring us pleasure; they shape our very identities, our ways of relating to ourselves, each other and our shared world. This volume reflects on some of our most prevalent assumptions relating to identity, the body, monogamy, libido, sexual identity, seduction, fidelity, orgasm, and more. The book covers common conflicts and confusions and includes work by established scholars and innovative new thinkers.

Philosophically challenging but highly readable, the volume is ideal for a wide range of courses on love and sex, including those taught in philosophy and gender studies.

chumps." The Mystery Method: How to Get Beautiful Women Into Bed shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.
