Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a

Many scientists and engineers consider themselves poor writers or find the writing process difficult. The good news is that you do not have to be a talented writer to produce a good scientific paper, but you do have to be a careful writer. In particular, writing for a peer-reviewed scientific or engineering journal requires learning and executing a specific formula for presenting scientific work. This book is all about teaching the style and conventions of writing for a peer-reviewed scientific journal. From structure to style, titles to tables, abstracts to author lists, this book gives practical advice about the process of writing a paper and getting it published.

Winner of the 2018 National Book Critics Circle Award for Criticism A New York Times Notable Book From Zadie Smith, one of the most beloved authors of her generation, a new collection of essays Since she burst spectacularly into view with her debut novel almost two decades ago, Zadie Smith has established herself not just as one of the world's preeminent fiction writers, but also a brilliant and singular essayist. She contributes regularly to The New Yorker and the New York Review of Books on a range of subjects, and each piece of hers is a literary event in its own right. Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and Feel Free--this new collection poses questions we immediately recognize. What is The

Social Network--and Facebook itself--really about? "It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore." Why do we love libraries? "Well-run libraries are filled with people because what a good library offers cannot be easily found elsewhere: an indoor public space in which you do not have to buy anything in order to stay." What will we tell our granddaughters about our collective failure to address global warming? "So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat." Gathering in one place for the first time previously unpublished work, as well as already classic essays, such as, "Joy," and, "Find Your Beach," Feel Free offers a survey of important recent events in culture and politics, as well as Smith's own life. Equally at home in the world of good books and bad politics, Brooklyn-born rappers and the work of Swiss novelists, she is by turns wry, heartfelt, indignant, and incisive--and never any less than perfect company. This is literary journalism at its zenith. Zadie Smith's new book, *Grand Union*, is on sale 10/8/2019.

'The color is hideous enough, and unreliable enough, and infuriating enough, but the pattern is torturing.' Written with barely controlled fury after she was confined to her room for 'nerves' and forbidden to write, Gilman's pioneering feminist horror story scandalized nineteenth-century readers with its portrayal of a woman who loses her mind because she has literally nothing to do.
