In accordance with Article 102 of the Charter and the relevant General Assembly Resolutions, every treaty and international agreement registered or filed and recorded with the Secretariat since 1946 is published in the United Nations Treaty Series. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive

Myanmar en un Estado del sudeste asiático que en 2015 celebró, bajo la atenta mirada de la comunidad internacional, unas elecciones consideradas libres pese a la imposibilidad de votar de ciertas minorías, con lo que culminó un proceso de transición hacia una «democracia vigilada». En ese Estado pluriétnico, con más de 100 etnias reconocidas oficialmente agrupadas en ocho grandes grupos, muchas de ellas alzadas en armas en distintos momentos desde el acceso a la independencia, un colectivo inicialmente de cerca de 2 millones de personas radicadas en el estado de Rakáin, mayoritariamente de religión musulmana en un país oficialmente budista, ha ido perdiendo a lo largo de las décadas sus derechos y se han visto obligados a salir en diversas ocasiones en desplazamiento

forzado hacia terceros Estados. El último éxodo se produjo a partir de agosto de 2016 y se intensificó tras unos atentados que desencadenaron una feroz respuesta por parte de las Fuerzas Armadas birmanas. Son los denominados rohinyás, a los que el Gobierno birmano niega incluso la identidad. Quiénes son, cómo han llegado a esta situación y cuál ha sido la respuesta de la Comunidad internacional ante un posible caso de genocidio, o al menos de limpieza étnica y de violaciones sistemáticas y graves de los derechos humanos son algunas de las cuestiones que se abordan en el texto. La autora de esta obra es profesora de la Universidad Rey Juan Carlos.

This book recovers the lost history of Spanish socialism during the turbulent years of the Civil War (1936-39). Just as the energy of the

Download Ebook Actuaci N Las Seis Pr

socialist movement had sustained the pre-war Second Republic as an experiment in reform, so too it underwrote the Republican war effort in the crucial years of the conflict which would determine Spain's long-term future. Leading Socialist Party (PSOE) cadres formed the bedrock of the government, while thousands of Party and union militants helped bear the tremendous weight of the war effort. The role of the PSOE in the construction of Republican political unity during the Civil War was pivotal. Yet, paradoxically, previous accounts of wartime Republican politics have virtually written the PSOE out of the script by concentrating exclusively on the fierce ideological dispute between anarchists and communists. But the key issues of revolution and State power marked all the forces in Republican Spain, none more so than the Socialist movement. As the traditional party of the working class and the

only mass party in Spain as late as 1931, PSOE militants were to be found on both sides of the revolutionary/reformist divide which split fatally the Republican forces during the Civil War. The PSOE's disintegration was a function of that of the Republic itself; but the reverse was no less true. The book investigates the responses of organised socialism to the complex issues raised by the conflict, as it charts the PSOE's devastating experience of political power and desperate crisis in a war it could not win.
