A slave girl convinces her master, the mighty Syrian general, Naaman, to seek a cure from his leprosy from the prophet Elisha, in a novelization of the Old Testament story. Original.

Adara is the main character of this sci-fantasy sword and sorcery adventure with plenty of attitude and action. With sword in hand, our larger than life heroine of the pre-flood world is befriended by an Atlantean king whose once glorious kingdom is beseeched by a horde of invaders from across the eastern sea from the hostile land laying waste of this last salvation of hope in the decaying world controlled by the fallen watchers, whose Red Priests would stop at nothing to get control of mans last haven against the hordes of barbarians and dragons from the east. In this epic good vs. evil Adara and her friends fight the host of ships, weapons, Red Priests, giant orcs, dragons, seabests and invading hordes. She puts her famous black metal, ancient arts of war, Amazonian skills to an inhuman test in this action packed trilogy about the Nephilim and their secret plan to create a race of Nephilim born giants to take all of mans possessions and their daughters and to devour man himself. In her sandled feet and black sword the Amazon princess will meet her enemies head-on in the fight of her life using all the skill the dark jungles of the third age can muster. A female warrior as big as Hercules or Achilles, is a story of a forgotten age that needs to be told. The first two tales are put together so that the reader may enjoy her tales to the fullest and leaving the reader to wait for the last tale leaving the avid sci-fiction fantasy fan wanting more.

This book is about a young woman who grew up isolated in the Wild lands with an old Magician named Aldred, but who she only knew as Grandfather. Her only friends, as far as she could remember, was a boy from the neighboring homestead named Mydle and a she wolf pet named Tita (TeeTah). When Grandfather suddenly dies, she discovers he had been protecting her from evil forces controlled by an evil vampire Wizard named Sleen. She flees the Wild lands with Tita and Myle as a guide to discover who she really is and to learn of and control the natural magical power she possesses. When she meets up with Grandfathers brother Magician named Marrok, she learns she is the true Queen of Dracadar and it is her destiny to take up a quest to depose the False King Belus and retake the Dragon Throne of Dracadar. This quest takes her through many lands and she wins many allies as well as enemies. She meets with the Elves as well as the Dwarves. The vampire slaves of Sleen along with misguided Dracadarian army troopers and Trolls attempts to hinder her progress. And, of course, don't forget the Pirates.

Welcome to Hell Fire Valley where if the boredom doesn't kill you, the monsters beneath the surface surely will. Adara Mashall is in town three months after her grandmother's mysterious passing for one thing and one thing only: answers. But in a town like Hell Fire Valley, the only thing deeper than the family ties are the secrets. Most people know better than to snoop around and stir up the demons that have been hibernating for decades. Adara isn't most people. Daniel Farrell and Alonzo Leones wanted Adara from the moment she blew into Hell Fire Valley. She's beautiful. She's smart. She's strong. She's the key to getting their hands on the Mashall land. When tensions mount, Adara finds herself caught in the middle of a territory war and a love triangle. Secrets are revealed. Monsters are awoken. Death is imminent. Will Adara find the answers she's looking for? Or will Hell Fire Valley be this Queen's final resting place?

Cursed to bear 12 sets of twins in 12 years by 12 different men? That's twenty-year-old Adara Lane's terrible fate until a reluctant man steps in, altering one significant part of a warlock's spell, and creating a new destiny for both of them. Like the heroic warrior from her beloved childhood fairy tales, soldier Bowie Marston rescues Adara at the moment the prophetic spell manifests. While she's grateful for his help, being bound for life to an overbearing, controlling, potentially violent man who may never love her, who despises what she is? Adara thinks she might be better off had he'd just minded his own business and left the rescuing to someone else. Still, this troubled knight-in-tarnished armor seems to need Adara as much as she needs him. And his touch makes her feel things she's never felt before, making her body and soul yearn for more. Bowie Marston knows he's damaged goods. Home from an involuntary tour of duty in Vietnam, suffering shell shock, the young man discovers his family destroyed because he wasn't in L.A. to protect them. After witnessing the senseless deaths of his comrades overseas, the death of his parents only deepens his disenchantment with the world. Blaming his parents' murder-suicide on their involvement in magick, Bo vows to never induce his own latent powers. It's too late to rescue his mother and father. On the other hand, it's not too late to rescue a beautiful, young woman caught up in a web of danger. Knowing what he does about witchcraft though, can he involve himself in a spell that spans a lifetime, a spell that ties him evermore to an emerging--potentially powerful--witch...and all her bless'ed offspring? Can he resist the call and chosen one of the Goddess? Can he resist Adara?

Adara, the oldest daughter a boatman who plies the Great Sand Sea, is kidnapped by pirates. They carry her off to their lair, where an obnoxious son of a pirate is determined to marry her. And if her father comes to rescue her, he'll be killed by a terrible death machine. She must escape to warn him. But How? With the help of her new friends: a dwarf, a bird and a good shepherd.

A heart warming tale of a young girl who finds her inner potential while combating the realities of a social anxiety disorder.
