Children represent a special challenge for

Download File PDF Advanced

Emergency care providers, because they have unique medical needs in comparison to adults. For decades, policy makers and providers have recognized the special needs of children, but the system has been slow to develop an adequate response to their needs. This is in

Download File PDF Advanced

part due to Life
inadequacies within
the broader
emergency care
system. Emergency
Care for Children
examines the
challenges associated
with the provision of
emergency services
to children and
families and evaluates
progress since the
publication of the

Download File PDF Advanced

Institute of Medicine
report Emergency
Medical Services for
Children (1993), the
first comprehensive
look at pediatric
emergency care in the
United States. This
new book offers an
analysis of: • The role
of pediatric
emergency services
as an integrated
component of the
