Anthem: Study Guide | SparkNotes

Anthem is a dystopian fiction novella by Russian-American writer Ayn Rand, written in 1937 and first published in 1938 in the United Kingdom. The story takes place at an unspecified future date when mankind has entered another Dark Age. Technological advancement is now carefully planned and the concept of individuality has been eliminated. A young man known as Equality 7-2521 rebels by doing secret scientific research. When his activity is discovered, he flees into the wilderness with the girl h

Anthem (novella) - Wikipedia

Anthem Study Guide. Buy Study Guide. Anthem is one of Ayn Rand 's earlier works, and presages the fears of collectivism that characterize Objectivism and her later work, such as The Fountainhead and Atlas Shrugged. The novel is set in the future and has a universal, timeless feel in its characterization of an ideal character's struggle against a monolithic state.

Anthem, by Ayn Rand, is an allegorical statement about individuals in society, narrated by a character who is known for most of the story as Equality 7-2521 but who later, in a burst of... 2...

Anthem Questions and Answers - eNotes.com

Collectivism, in Ayn Rand's view, is the belief that the individual should be subjugated to the group and sacrificed for the common good. Anthem depicts the evils to which collectivism leads when implemented consistently. In Anthem's totalitarian society every aspect of life is dictated by the state.

Anthem | AynRand.org

Anthem is about a boy who was born with the curse of knowing things more superior than most of his society—a society that does not accept progress unless approved by everyone. This boy then meets a girl with qualities like her, and later falls in love with her.

Anthem by Ayn Rand - Books on Google Play

Based on Ayn Rand's novelette, Anthem, we look at a dystopian future where humanity is challenged.

Anthem (2009) - IMDb

Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. *Publisher's Weekly* acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful."

Anthem by Ayn Rand - Books on Google Play

Introduction Anthem is a fiction book written by Ayn Rand. The book highlights the theme of discrimination. In the book, a certain category of people is treated as inferior and lacking any rights, and they are required to serve the interests of others.

In a future world, only one man dares to think, strive, and love as an individual in the midst of a paralyzing collective humanity.

Ayn Rand's first published novel, a timeless story that explores the struggles of the individual against the state in Soviet Russia. First published in 1936, *We the Living* portrays the impact of the Russian Revolution on three human beings who demand the right to live their own lives and pursue their own happiness. It tells of a young woman's passionate love, held like a fortress against the corrupting evil of a totalitarian state. *We the Living* is not a story of politics, but of the men and women who have to struggle for existence behind the Red banners and slogans. It is a picture of what those slogans do to human beings. What happens to the defiant ones? What happens to those who succumb? Against a vivid panorama of political revolution and personal revolt, Ayn Rand shows what the theory of socialism means in practice. Includes an Introduction and Afterword by Ayn Rand's Philosophical Heir, Leonard Peikoff

The controversial classic work of one individual's will versus the subjugation of society-now available as a compelling graphic novel. In all that was left of humanity there was only one man who dared to think, seek, and love. He, Equality 7-2521, would place his life in jeopardy. For his knowledge was regarded as a treacherous blasphemy. He had rediscovered the lost and holy word..."I".

Ten-year-old Manami did not realize how peaceful her family's life on Bainbridge Island was until the day it all changed. It's 1942, after the attack on Pearl Harbor, and Manami and her family are Japanese American, which means that the government says they must leave their home by the sea and join other Japanese Americans at a prison camp in the desert. Manami is sad to go, but even worse is that they are going to have to give her and her grandfather's dog, Yujiin, to a neighbor to take care of. Manami decides to sneak Yujiin under her coat and gets as far as the mainland before she is caught and forced to abandon Yujiin. She and her grandfather are devastated, but Manami clings to the hope that somehow Yujiin will find his way to the camp and make her family whole again. It isn't until she finds a way to let go of her guilt that Manami can reclaim the piece of herself that she left behind and accept all that has

happened to her family.

The classic tale of a Japanese boy orphaned by a tsunami from the author of *The Good Earth*, the first American woman to win the Nobel Prize in Literature. On a mountainside in Japan, two boys enjoy a humble life governed by age-old customs. Jiya belongs to a family of fishermen; his best friend, Kino, farms rice. But when a neighboring volcano erupts and a tidal wave swallows their village—including Jiya's family—life as they know it is changed forever. The orphaned Jiya must learn to come to terms with his grief. Now facing a profoundly different life than the one he'd always taken for granted, he must decide on a new way forward. Written with graceful simplicity, *The Big Wave* won the Children's Book Award of the Child Study Association of America when it was first released. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

A memoir in bite-size chunks from the author of the viral Modern Love column "You May Want to Marry My Husband." "[Rosenthal] shines her generous light of humanity on the seemingly humdrum moments of life and shows how delightfully precious they actually are." —The Chicago Sun-Times How do you conjure a life? Give the truest account of what you saw, felt, learned, loved, strived for? For Amy Krouse Rosenthal, the surprising answer came in the form of an encyclopedia. In *Encyclopedia of an Ordinary Life* she has ingeniously adapted this centuries-old format for conveying knowledge into a poignant, wise, often funny, fully realized memoir. Using mostly short entries organized from A to Z, many of which are cross-referenced, Rosenthal captures in wonderful and episodic detail the moments, observations, and emotions that comprise a contemporary life. Start anywhere—preferably at the beginning—and see how one young woman's alphabetized existence can open up and define the world in new and unexpected ways. An ordinary life, perhaps, but an extraordinary book.

Originally published in 1995, Madeleine Blais' *In These Girls, Hope is a Muscle* is a modern sports writing classic. Expanded and updated with a new epilogue, Blais' book tells the story of a season in the life of the Amherst Lady Hurricanes a girls' high school basketball team from the Western Massachusetts college town. The Hurricanes were a talented team with a near-perfect record, but for five straight years, when it came to the crunch of the playoffs, they somehow lacked the desire to go all the way. Now, led by senior guards Jen Pariseau, a three-point specialist, and Jamila Wideman, an All-American phenom, this was the year to prove themselves. It was a season to test their passion for the sport and their loyalty to each other, and a chance to discover who they really were. As an off-season of summer jobs and basketball camps turns to fall, as students arrive and the games begin, Blais charts the ups and downs of the team and paints a portrait of the wider Amherst community, which comes to revel in the athletic exploits of their girls. Finally, a women's team was getting the attention they deserve. And the Hurricanes were richly deserving; these teenage girls are fierce and funny, smart and ambitious, and they are the heart of this gripping book.

This collection of essays was the last work planned by Ayn Rand before her death in 1982. In it, she summarizes her view of philosophy and deals with a broad spectrum of topics. According to Ayn Rand, the choice we make is not whether to have a philosophy, but which one to have: rational, conscious, and therefore practical; or contradictory, unidentified, and ultimately lethal. Written with all the clarity and eloquence that have placed Ayn Rand's Objectivist philosophy in the mainstream of American thought, these essays range over such basic issues as education, morality, censorship, and inflation to prove that philosophy is the fundamental force in all our lives.

NEVER BEFORE PUBLISHED In print for the first time ever, author and philosopher Ayn Rand's novel *Ideal*. Originally conceived as a novel, but then transformed into a play by Ayn Rand, *Ideal* is the story of beautiful but tormented actress Kay Gonda. Accused of murder, she is on the run and turns for help to six fans who have written letters to her, each telling her that she represents their ideal—a respectable family man, a far-left activist, a cynical artist, an evangelist, a playboy, and a lost soul. Each reacts to her plight in his own way, their reactions a glimpse into their secret selves and their true values. In the end their responses to her pleas give Kay the answers she has been seeking. *Ideal* was written in 1934 as a novel, but Ayn Rand thought the theme of the piece would be better realized as a play and put the novel aside. Now, both versions of *Ideal* are available for the first time ever to the millions of Ayn Rand fans around the world, giving them a unique opportunity to explore the creative process of Rand as she wrote first a book, then a play, and the differences between the two. INCLUDES AN INTRODUCTION BY LEONARD PEIKOFF

2 B R 0 2 B is a science fiction short story by Kurt Vonnegut. The title is pronounced "2 B R naught 2 B", referencing the famous phrase "to be, or not to be" from William Shakespeare's *Hamlet*, Prince of Denmark. In this story, the title refers to the telephone number one dials to schedule an assisted suicide with the Federal Bureau of Termination. Vonnegut's 1965 novel *God Bless You, Mr. Rosewater* describes a story by this name, attributing it to his recurring character Kilgore Trout, although the plot summary given is closer in nature to the eponymous tale from his short-story collection *Welcome to the Monkey House*. The setting is a society in which aging has been cured, individuals have indefinite lifespans, and population control is used to limit the population of the United States to forty million. This is maintained through a combination of infanticide and government-assisted suicide - in short, in order for someone to be born, someone must first volunteer to die. As a result, births are few and far between, and deaths occur primarily by accident.fi
