Another archaeological find is of Sergius Paulus, who we meet in the New Testament, in Acts 13:6-12. Archaeologists have found his inscription, around 1996, just outside of Paphos. The inscription reads, "Paulus proconsul..." (again, proconsul was an office in ancient Rome). They have also found another inscription of him, in Rome.

In this one, we will look at the archaeological discoveries that have confirmed the historical accuracy of the New Testament. There is a great deal of evidence outside of the Bible that confirms the account of Jesus as written in the Gospels. It is important to realize, however, that it is unrealistic to expect archaeology to back up every event and place in the New Testament.

10 Significant New Testament Archaeological Discoveries by Ted Wright. Ted Wright / By Exposit the Word. The relationship between archaeology and ancient history has been long, and often fraught with controversy. This is especially true of Biblical history. Since the European Enlightenment, and well into the late nineteenth-century, scholars in Europe and America have been skeptical of the historical value of the Bible (in both Old & New Testaments).

The Archeology of the New Testament is the authoritative illustrated account of what is presently known about the chief sites and monuments connected with the life of Jesus and the history of the early church. To follow the order of the New Testament, it first investigates sites connected with John the Baptist and then proceeds to Bethlehem and

This one-of-a-kind presentation of the New Testament world and its archaeological treasures provides a new, more complete understanding of the world in which Christianity was born. Through lavish photographs, architectural plans, extensive maps, and detailed charts, you can explore the landscape of Nazareth where Jesus grew up; sit at the shores of Galilee where he preached; and enter the streets and temple of Jerusalem where his ministry was fulfilled. An experienced archaeologist and biblical expert will guide you throughout your journey around Israel and beyond—on the Mediterranean voyages of Paul to the homes and synagogues of the Roman Empire, where he planted the seeds of Christianity. Visit Emperor Nero's "Golden House," witness the desperation of the Jewish revolutionaries at Masada, and explore the magnificent basilicas of Constantine the Great. The HarperCollins Visual Guide to the New Testament features: Rich descriptions of the worlds of Jesus, Paul, and the first Christians Full-color photographs of excavations, artifacts, coins, and pottery from New Testament sites Extensive maps Architectural floor plans of temples, palaces, and synagogues Commentary on how archaeology relates to the Bible Examination of modern excavation techniques and methods A beginners' guide to understanding pottery, coins, temples, and inscriptions

presently known about the chief sites and monuments connected with the life of Jesus and the history of the early church. To follow the order of the New Testament, it first investigates sites connected with John the Baptist and then proceeds to Bethlehem and Nazareth, Samaria and Galilee, Jerash, Caesarea, Jericho, the Mount of Olives, Jerusalem, and Emmaus. Each site is illustrated, and the accompanying text, numbered to facilitate cross-reference, contains a bibliography. This edition has been completely revised to reflect the most recent scholarship and excavations, and it contains many new entries. Anyone concerned with the historical, geographical, and cultural background of the New Testament will want to study this classic work as it retraces the steps of Jesus. "The definitive handbook. Finegan's comprehensive treatment of almost every problem in the field of New Testament archeology as well as his judicious evaluation of the evidence makes this book indispensable to every serious student of the Bible."--The New York Times Book Review Originally published in 1993. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim

Read Online Archaeology Of The New Testament

about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Archaeological discoveries can shed a flood of light on the biblical text. This richly illustrated resource, now available in paperback, offers illuminating archaeological information related to the Old Testament. In this readable and accessible volume, Alfred Hoerth surveys the entire Old Testament, pointing out the relevant archaeological material and explaining how it enriches biblical studies. In an attempt to bridge the Old and New Testament worlds, he devotes the final chapter to an examination of the intertestamental period. The text boasts over 250 illustrative items--charts, photographs, line drawings, and maps.

From two leading Christian apologists, here is a fascinating survey of the most important Old and New Testament archaeological discoveries through the ages. Biblical archaeology has always stirred excitement among believers and curiosity among unbelievers. The evidence dug up with a spade can speak volumes--and serve as a powerful testimony of the reliability of

Scripture. Norm Geisler and Joe Holden have put together an impressive array of finds that confirm the biblical peoples and events of ages past. In a user-friendly format written in popular style, they... examine the latest finds and explain their significance include dozens of photographs provide an instructive chart of artifacts (along with fast facts) sample a variety of finds--papyri, inscriptions, scrolls, ossuaries, and more If readers are looking for just one book to cover this topic both concisely and comprehensively, this is it!

Archaeology still has many things to reveal about the life and world of Jesus of Nazareth. To touch a two-thousand-year-old pot held by a Jew who lived in a small village frequented by Jesus can bring us closer to understanding those who were touched by Jesus. Jesus and Archaeology contains the revised and edited lectures that leading archaeologists and biblical scholars presented at a gathering in Jerusalem to celebrate the new millennium. Many contributors came directly from their excavations in places like Bethsaida, Capernaum, Nazareth, and Jerusalem to share their discoveries and insights, focusing on the question In what ways do new archaeological discoveries clarify the world, life, and thought of Jesus from Nazareth? Readers of Jesus and Archaeology will gain many new insights into the life and times of this fascinating Galilean Jew. Contributors: Paul N. Anderson Rami Arav Dan Bahat Richard A. This book challenges readers to consider whether archaeology explains the Bible. Archaeology and the Bible examines new developments in archaeological finds in the Near East, particularly Palestine, that are related to the Bible. New methodologies, regional surveys and creative syntheses have all had an impact on traditional approaches to looking at these discoveries. John Laughlin examines these new developments and discusses what they imply for biblical studies.
