This innovative, easy-to-understand best-seller offers complete coverage of the entire audit process, taking learners step-by-step through each audit cycle, then showing how each step relates to the process as a whole. A five-part organization covers the auditing profession, the audit process, application of the audit process to the sales and collection cycle, application of the audit process to other cycles, and completing the audit. For individuals and firms in need of information on the latest audit technology, current audit practices, and the latest auditing research.

The undisputed #1 market leading book continues to be an innovative look at the most current changes and happenings in the auditing profession! Topics appear as they would during the audit planning and execution stage rather than as isolated pieces of information. Fraud detection; integration of SECTION 404 of the Sarbanes-Oxley Act of 2002 and related SEC and PCAOB rulemakings; internal controls -- Internal Control and Control Risk. For individuals interested in the auditing, accounting, and consulting fields.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable.
