people who; Don't know how to create content to market their brand. Don't have the funds for a marketing manager but are willing to put in the hard work and learn the skills. Don't have a big budget for expensive things like promo videos, marketing images, social media campaigns. Don't know where to start when launching a new business or product. Have tried and failed to create engaging content for social media and are looking for a guide. Aspire to be a social media influencer. Wish to enter employment as a marketing professional. Interested in digital marketing. Need real-world digital skills to grow their business. Are interested in entrepreneurial skills. Are looking to create better images, videos or live streams. So if you want a solid, no-nonsense, practical overview to content marketing and media production, using only your smartphone, Smartphone Smart Marketing is the book for you. The book includes cheat guides, best apps, worked examples and more. Let's get to work, buy your copy, grab your phone, it ' s time to leave the competition behind. Acclaim for Smartphone Media Production from 2016 “ Received! Dove in - Liked what I saw! Really useful stuff ” . Peter Shankman “ This book is fantastic and would highly recommend it for anyone starting to get into making videos on their phone. ” Stewart Richardson professional photographer. “ This book has helped me increase my understanding and develop some really good strategies on maximising the use of smartphones and social media in a variety of ways, from personal use through to improving business reach. Excellent stuff! ” Amazon. “ So impressed I hired him ” Peter Syme adventure specialist and business owner. “ As a self-employed business owner, keeping up with changes in technology can be overwhelming, I found this book full of great information, presented in a clear and practical way – full of advice and resources to keep you on your toes. ” Chris Wain Unique Adventure Tours Scotland. “ I am a gent of a certain age and have had to embrace technology and the Internet as an adult and not something that I have grown up with or was taught at school. I run a Facebook page and a small stall making and selling custom props and toys and wanted to take things to the next level and having no experience in media production this sounded perfect. From my perspective the book is full of all the basic information I needed to get started making the most of my Facebook page and filming video, taking photographs and getting them out there on social media to get the most impact. Then the book is also full of everything else needed to take things even further, how to follow up on the social media interest and even loads of information coming from a business point of view which I ' m sure I will use down the line as I take things further. Overall this book had everything I needed to get me up and running on social media, producing what I feel is way better quality content than I could have ever imagined I was capable of and all with a single piece of hardware, my Smartphone, it ' s amazing. ” Big AI Monkeytron Collective.
