ultimately what Beautiful Boy is about: truth and healing.” – Mary Pipher, author of Reviving Ophelia What had happened to my beautiful boy? To our family? What did I do wrong? Those are the wrenching questions that haunted David Sheff’s journey through his son Nic’s addiction to drugs and tentative steps toward recovery. Before Nic became addicted to crystal meth, he was a charming boy, joyous and funny, a varsity athlete and honor student adored by his two younger siblings. After meth, he was a trembling wraith who lied, stole, and lived on the streets. David Sheff traces the first warning signs: the denial, the three a.m. phone calls—is it Nic? the police? the hospital? His preoccupation with Nic became an addiction in itself. But as a journalist, he instinctively researched every treatment that might save his son. And he refused to give up on Nic. “Filled with compelling anecdotes and important insights . . . This book tells it as it is, with testimonials from peers who have been there and families who have lived through the addiction of a loved one, along with the cold, hard facts about what drugs and alcohol do to our bodies. From how to navigate peer pressure to outlets for stress to the potential consequences for experimenting, Nic and David Sheff lay out the facts so that middle grade readers can educate themselves.

David Sheff's story is a first: a teenager's addiction from the parent's point of view -- a real-time chronicle of the shocking descent into substance abuse and the gradual emergence into hope. Before meth, Sheff's son Nic was a varsity athlete, honor student, and award-winning journalist. After meth, he was a trembling wraith who stole money from his eight-year-old brother and lived on the streets. With haunting candour, Sheff traces the first subtle warning signs, the denial (by both child and parents), the three a.m. phone calls (is it Nic? the police? the hospital?), the attempts at rehab, and, at last, the way past addiction. He shows us that whatever an addict's fate, the rest of the family must care for one another too, lest they become addicted to addiction.

A myth-shattering look at drug abuse and addiction treatment, based on cutting-edge research Addiction is a preventable, treatable disease, not a moral failing. As with other illnesses, the approaches most likely to work are based on science – not on faith, tradition, contrition, or wishful thinking. These facts are the foundation of Clean. The existing addiction treatments, including Twelve Step programs and rehabs, have helped some, but they have failed to help many more. To discover why, David Sheff spent time with scores of scientists, doctors, counselors, and addicts and their families, and explored the latest research in psychology, neuroscience, and medicine. In Clean, he reveals how addiction really works, and how we can combat it. “A guide for those affected by addiction, but also a manifesto . . . for America as it confronts its drug problem. [Sheff] has performed a vital service by compiling sensible advice on a subject for which sensible advice is in short supply.” – New York Times Book Review “As a journalist, father, and clear-eyed chronicler of addiction, David Sheff is without peer.” – Sanjay Gupta, M.D., chief medical correspondent, CNN

practitioners while locked in a cell on death row. Jarvis Jay Masters's early life was a horror story whose outline we know too well. Born in Long Beach, California, his house was filled with crack, alcohol, physical abuse, and men who paid his mother for sex. He and his siblings were split up and sent to foster care when he was five, and he progressed quickly to juvenile detention, car theft, armed robbery, and ultimately San Quentin. While in prison, he was set up for the murder of a guard—a conviction which landed him on death row, where he's been since 1990. At the time of his murder trial, he was held in solitary confinement, torn by rage and anxiety, felled by headaches, seizures, and panic attacks. A criminal investigator repeatedly offered to teach him breathing exercises which he repeatedly refused. Until desperation moved him to ask her how to do "that meditation shit." With uncanny clarity, David Sheff describes Masters's gradual but profound transformation from a man dedicated to hurting others to one who has prevented violence on the prison yard, counseled high school kids by mail, and helped prisoners—and even guards—find meaning in their lives. Along the way, Masters becomes drawn to the principles that Buddhism espouses—compassion, sacrifice, and living in the moment—and he gains the admiration of Buddhists worldwide, including many of the faith's most renowned practitioners. And while he is still in San Quentin and still on death row, he is a

More American children recognize Super Mario, the hero of one of Nintendo's video games, than Mickey Mouse. Now Sheff tells of the Nintendo invasion—a tale of innovation and cutthroat tactics.

Twenty years ago David Sheff climbed the back steps of the Dakota into the personal thoughts and dreams of John Lennon and Yoko Ono. From the kitchen to the studio and up those fateful Dakota steps, Sheff recorded 20 hours of tape, discussing everything from childhood to the Beatles. Sheff gives a rare and last glimpse of John and Yoko, one that seemed to look beyond the kitchen table to the future of the world with startling premonitions of what was to come.
