"This book takes you on a photographic voyage through my life so far." —Keegan Allen Keegan Allen is currently known to fans of the ABC Family hit television series, *Pretty Little Liars*. He has also appeared in numerous independent films and made his New York Stage debut in the acclaimed MCC production of *Small Engine Repair*. Keegan was given his first camera at age nine, and began a lifelong study and pursuit of photography. *life.love.beauty* is a selection of photographs taken since his childhood. It's a photo journey through the life of an intensely creative soul whose expression finds various forms: in acting, in poems and stories, lyrics and music, but above all in photography. This book's content resonates in the commonality we all share on our own journeys while unveiling an inside look into a world that very few experience. Organized into three broad groups—life, love, and beauty—the book ranges over the public and private side of Keegan Allen and his world. A child of Hollywood, whose father was also an actor and his mother a painter, Keegan roams freely through that realm, photographing his fellow actors on set, behind the scenes; and recording the amazed, gleeful, sometimes weeping fans that flock to his television and career related events. Allen also has an eye for the anonymous and the unexpected: the woman gazing dreamily from the balcony of a run-down hotel; the rifle-toting dog walker who seems to have emerged from the 19th century; the performers and denizens of Venice Beach and also the streets of New York, some of them chasing the dream of fame, others having long-since abandoned it; the little boy amid in the crowd in an enormous airport; portraits of lovers kissing on subways, in parks, and on the streets. Traveling from California to New York to Paris and back, as well as through the American west, he finds beauty in both urban and rural places: from large-scale landscapes to glimpses of light transforming what it touches. Keegan's poems, stories, captions and musings, song lyrics, and journal pages complement the photographs on this journey. He provides an account of growing up just off the Sunset Strip, coming into his own as an actor/artist, dealing with public recognition while maintaining a very private life, falling in and out of love, and acknowledging the influence of his family, friends, fans, and loved ones. *life.love.beauty* is an unusually intimate and revealing book: a delight for anyone who values photography, and a gift for the many fans who already follow Keegan's career. Keegan's real passion comes through in both his photographs and candid story telling in this unique photo-journal.

A New York Times and USA Today Bestseller.... They agreed on three months...but their love knew no boundaries. Jack McLachlan is a winemaking magnate and easily one of Australia's most eligible bachelors. His success and wealth makes him no stranger to the complications of romantic relationships and that's why he goes to extreme measures to avoid the hassle. He prefers simplicity in the form of a beautiful female companion with no strings attached. He arranges relationships like business deals and they're always the same. No long term relationships. No real names. It's his game and his rules. He's content to play as usual, but when Laurelyn Prescott enters his life, his strategy must change because this player is like none he's ever encountered. His world is turned on its head after he begins a three month affair with the beautiful American musician. Nothing goes according to plan and as he breaks more and more of his own rules for her, she's exceptionally close to becoming something he never thought possible. His ultimate game changer. *Beauty From Pain* is an adult contemporary novel and is not intended for younger readers due to mature content.

years of change and tragedy. In the summer of 1983, twenty-year-old Nick Guest moves into an attic room in the Notting Hill home of the Feddens: conservative Member of Parliament Gerald, his wealthy wife Rachel, and their two children, Toby-whom Nick had idolized at Oxford-and Catherine, who is highly critical of her family's assumptions and ambitions. As the boom years of the eighties unfold, Nick, an innocent in the world of politics and money, finds his life altered by the rising fortunes of this glamorous family. His two vividly contrasting love affairs, one with a young black clerk and one with a Lebanese millionaire, dramatize the dangers and rewards of his own private pursuit of beauty, a pursuit as compelling to Nick as the desire for power and riches among his friends. Richly textured, emotionally charged, disarmingly comic, this is a major work by one of our finest writers.

For most of the last century the methodology of art history has followed a positivist approach, emphasizing form and style, fact and history as the means of studying works of art. By contrast the philosophical pursuit of truth, once central to the fine arts and humanities has largely been abandoned. In *For The Love of Beauty*, Arthur Pontynen offers a searching and ambitious critique of modern aesthetic practice that aims to restore the pursuit of the knowledge of reality--Being--to its rightful place. Pontynen begins by addressing the question of why the pursuit of truth (be it called Dao, Dharma, God, Logos, Ideal, etc.) is no longer acceptable in academic circles even though it has been intrinsic to the purpose of art at most times and in most cultures. Lacking the pursuit of truth, of some degree of knowledge of what is true and good, the humanities necessarily lack intellectual and cultural grounding and purpose. Fields of study such as philosophy, music, art, and history are therefore trivialized and brutalized. Pontynen's focus on the study of the visual arts details the how the denial of purpose and quality in modernist and postmodernist aesthetics has denied art any possibility of transcending entertainment, therapy, or propaganda. In place of the established narratives, Pontynen offers a counter-narrative based on a cross-cultural pursuit of the good, the true, and the beautiful. He recognizes that substantively different cultural traditions exist and that the truth claims of each may be valid in whole or in part. He shows how the history of art parallels the intellectual history of Western culture and how these parallels affect both aesthetics and ethics. Pontynen engages with those elements of modernist and postmodernist thought that might be true. His purpose is not simply to deny their validity but to engage a viewpoint that does not privilege the notion of a purposeless cosmos. For the Love of Beauty will be of interest
