For those perturbed by worst-writer sexism, heed this: a "bimbo" is the female version of "young-republicans". Just as boys who end up being republicans because they are incapable of growing out of the ugly, disgusting shadow of their fathers, girls have the same deamon fight with their submissive mother/wives.

Fresh out of college, Tracy Gelman has managed to land an internship at a prestigious behavioral research institute. Resigned to making coffee and working the copier, she's just thrilled to be in the same building as the famous and handsome researcher Dr. Peter Asheville. Little does the curvy young woman realize just how intimately his next project will involve her. When a chance encounter catches his eye, she quickly becomes the center of his newest project. His studies of sexual pleasure have led him to design a program to create the ideal bimbo: voluptuous, horny, and desperate to please. Now he has the perfect test subject, and he's prepared to work intimately and untiringly with her until he has shaped her into his perfect sexual plaything, though of course he'll be willing to share. Reader Advisory: This story is for mature audiences only and features intensely erotic situations, the use of potent aphrodisiacs, medical examination, a dominant older man and the increasingly submissive, curvy young subject of his experiments. All characters are 18 or older. Excerpt: I lived in a rhythmic haze, at times completely caught up in the changes I was experiencing and at other times regaining enough of a clear head to understand what was happening. Gradually I began to recognize that this wasn't about unleashing some empowering sense of sexuality. It was about making me into the perfect bimbo, a voluptuous sex kitten dwelling in the world of sensual pleasure. At first the thought alarmed me, but as the treatments went on, the more the thought excited me. I began to consciously work towards the little things that might please Dr. Samprez and bring me in line with what he wanted me to be. I awaited new measurements with breathless excitement. When my first reaction to any request wasn't immediate and eager obedience, I stumbled over myself to apologize and beg his forgiveness. I was starting to have trouble with complicated ideas, and even that I began to appreciate. The complicated ideas were all just distractions anyways. The simple things were the important things. Pleasure. Obedience. Keeping myself sexy and available. When anything that didn't have to do with those things came up, men like Dr. Samprez were happy to worry about them for me in exchange for a little of those things that I did understand. But best of all was the effect my changes had on them. That was where I took my greatest satisfaction. When I had first wandered in through their doors they had looked on me like a nice piece of clay, something they could do something with but not terribly interesting in my own right. But now I often saw their admiring glances. I saw the way they responded to my welcoming body and the little things I did to please them. It was Dr. Samprez in particular that I focused on. I knew he wanted me, and that he was only managing to restrain himself because he didn't want to interfere with the experiment in its early stages. But I didn't care about the experiment. I cared about him, and I knew I could make him happy if he let me. So I became a bit of a bad girl. I watched for the little things I did that most affected him and did them at every opportunity. I came and sat on his lap whenever he was too distracted to immediately shoo me away. Once or twice I managed to brush his groin with a thigh or a hand and could tell I made him hard. He had created his perfect sex toy and now I took it upon myself to be sure he got to play with me before his sense of responsibility left us both unhappy. More than ever before in the history of man, the divine concept of family in today's world has been so misunderstood and abused. From these misunderstandings and abuse, are the numerous problems we witness in homes today (divorce, separation, violence, unforgiveness, hate, same sex marriage, lust, secret kids, dislike/outright rejection of marriage by younger generation, etc.). With time, these problems are multiplied and directly infused into our society, turning our society into a chaotic arena. This book brings to light, years of divine revelation on marriage and family. Furthermore, personal experiences that the authors have learned from, are used to expose more on the plan of God for family. The book will dig deep into the divine role each member of the family has to play, to create and experience 'the Christ centered family' that God intended for every marriage and family.

Secrets. Lies. A man. There's always a man. And there's always a truth to be told. I'm Hailey Anne Monroe. I'm twenty-eight years old. An artist, who found her muse on the canvas because I wasn't allowed to have friends or even keep a journal. And yes, if you haven't guessed by now, I'm that Hailey Anne Monroe, daughter to Thomas Frank Monroe, the man who was a half-percentage point from becoming President of the United States. If you were able to ask him, he'd probably tell you that I was the half point. But you can't ask him, and he can't tell you. He's dead. They're all dead and now I can speak.
