International AS & A Level

Mathematics (9709) syllabus to be
examined from 2020. Cambridge

International AS & A Level

Mathematics: Mechanics matches the
corresponding unit of the syllabus, with
clear and logical progression through.

It contains materials on topics such as
velocity and acceleration, force and
motion, friction, connected particles,
motion in a straight line, momentum,
and work and energy. This coursebook
contains a variety of features including
recap sections for students to check
their prior knowledge, detailed
explanations and worked examples,
end-of-chapter and cross-topic review
exercises and 'Explore' tasks to
encourage deeper thinking around
mathematical concepts. Answers to
coursebook questions are at the back
of the book.

This study examines the continuing "war over the family" in the USA and the UK in the context of major socio economic and cultural changes that have fundamentally shifted the ground of traditional gender relations and redrawn the material and psychological conditions for family life.

Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death.

New Approaches to Ilkhanid History examines moves the study of the Ilkhanate beyond the court of the Ilkhan as well as considers new source material.

This book constitutes the refereed proceedings of the 19th International Conference on Text, Speech, and Dialogue, TSD 2016, held in Brno, Czech Republic, in September 2016. The 62 papers presented together with 3 abstracts of invited talks were carefully reviewed and selected from 127 submissions. They focus on topics such as corpora and language resources; speech recognition; tagging, classification and parsing of text and speech; speech and spoken language generation; semantic processing of text and speech; integrating applications of text and speech processing; automatic dialogue systems; as well as multimodal techniques and modelling.
