QUICK REFERENCE

The American College of Radiology (ACR) Breast Imaging Reporting and Data System Atlas (BI-RADS ® Atlas) is the product of a collaborative effort among members of various committees of the American College of Radiology. BI-RADS ® suggests a standardized method for breast imaging reporting. This system is not meant to dictate individual case management decisions.

Permissions | American College of Radiology

BI-RADS is a scheme for putting the findings from mammogram screening (for breast cancer diagnosis) into a small number of well-defined categories. Although BIRADS started out for use with breast screening mammography, it was later adapted for use with Magnetic Resonance Imaging (MRI) and breast ultrasound (US) as well.

BIRADS 2, 3, 4 and 5: What does it mean?

The BI-RADS score is an acronym for the Breast Imaging Reporting and Database System score. It's a scoring system radiologists use to describe mammogram results. A mammogram is an X-ray imaging...

BI-RADS Score: Understanding Your Mammogram Results

System [BI-RADS] Atlas [1] provides essential updating and expansion of the guidebook central to breast imaging. The BI-RADS lexicon frames and details the language that we speak in the field of breast radiology. The first edition of BI-RADS, published in 1992, covered only mammography, the sole breast-specific imaging modality at that time.

Practical and illustrated summary of updated BI-RADS for ...

BI-RADS (Breast Imaging-Reporting and Data System) is a risk assessment and quality assurance tool developed by American College of Radiology that provides a widely accepted lexicon and reporting schema for imaging of the breast. It applies to mammography, ultrasound, and MRI. This article reflects the 5th edition, published in 2013 1.

IL REPORTING SYSTEM

Doctors use a standard system to describe mammogram findings and results. This system (called the Breast Imaging Reporting and Data System or BI-RADS) sorts the results into categories numbered 0 through 6. By sorting the results into these categories, doctors can describe what they find on a mammogram using the same words and terms.

Understanding Mammogram Reports | Mammogram Results

The ACR BI-RADS Atlas 2013 (4) is the updated version of the 2003 Atlas. BI-RADS® is designed to standardize breast imaging reporting and to reduce confusion in breast imaging interpretations. It also facilitates outcome monitoring and quality assessment.

The Radiology Assistant : BI-RADS for Mammography and ...

The Breast Imaging Reporting and Data System (BI-RADS ®) is a standardized system of reporting breast pathology as seen on mammogram, ultrasound, and magnetic resonance imaging.

BI-RADS ® fifth edition: A summary of changes

The digital (e-book) version of the ACR BI-RADS® Atlas (5 th Edition) is now available. You may download the e-book on up to 5 devices and take the atlas with you conveniently in an electronic format. The atlas is also available as a hardcopy. Special pricing is available for hardcopy/softcopy bundles.

ACR BI-RADS® Atlas 5th Edition e-book

In 2003 the first edition of the Ultrasound (US) and Magnetic Resonance Imaging (MRI) BI-RADS® Atlas was published. BI-RADS® for Ultrasound was designed to standardize breast imaging reporting and to reduce confusion in breast imaging interpretations. It also facilitates outcome monitoring and quality assessment.
