to fulfil his part of obligations as specified in the contract.

Claims In

Types and Causes of
Construction Claims

Construction claims are found in almost every construction project.

They are the seeking of consideration or change by one of the parties involved in the construction process.

assertion of a right,
usually by the contractor,
to an extension of the
contract period or an
additional payment
under the terms of the
building contract. Many
of these claims are
unsound or ill-founded,
often because the basic
principles are
misunderstood.
