The "new" Level D was developed in response to an expressed need for a more stringent, academically oriented test, for use with higher performing adult students at the upper high school and post-secondary levels. The French equivalent of the CAAT (called the Test de rendement pour francophones – TRF) serves the same function as CAAT but has been developed independently of the latter in relation to language-based subtests. The CAAT/TRF is the first fully bilingual basic skills ...
