One secret to keeping it moving is this: place the next roller on the steam BEFORE you finish clipping the current roller into place. That way you aren't standing there counting seconds between rollers. With a little practice you can figure out the perfect moment to place the next curler on the steam. I am now a fan and give it an A!

With several sizes of rollers, steam to set the hair, and durability, these are too good to pass up. Plug It In and Remember to Unplug It. There is only one minor issue with the Caruso Professional Molecular Steam Hairsetter. This issue includes the fact that the set does not have an on-and-off switch. It turns on as soon as you plug in the cord. So, the only way to turn off the set is to unplug the cord.
