The Immune System in Action The
immune response works in two
ways. □ In humoral immunity,

Acces PDF Chapter 35 Immune System And

white blood cells, called B lymphocytes (B cells), make antibodies that attack pathogens in the blood. □ In cell-mediated immunity white blood cells, called T lymphocytes (T cells), find and destroy abnormal or infected cells. □ After a pathogen is

Acces PDF Chapter 35 Immune System And

destroyed, memory B cells and
memory T cells stay in the body.
