There's hidden places all over this land-old, old places. Places with a chain for them to chain up the wolf when it's time. A bone-chilling tale of werewolves and love, set in medieval Scotland A mysterious young man has come to a small Highland town. His talent for wood carving soon wins the admiration of the weaver's daughter, Maddie. Fascinated by the silent carver, she sets out to gain his trust, only to find herself drawn into a terrifying secret that threatens everything she loves. There is an evil presence in the carver's life that cannot be controlled, and Maddie watches her town fall under a shadow. One by one, people begin to die. Caught in the middle, Maddie must decide what matters most to her-and what price she is willing to pay to keep it.

"What is the spell for?" Miranda asked curiously, stepping close beside him to squeeze through the first ring of trees. She didn't know of any goblin spells that used flowers unless they were crushed like herbs. "Do you really want to know?" murmured the elf absently, looking up at the dark crowns of the ancient oaks. "Yes," she said. She had always liked magic. He glanced back down at her then. "It's for you," he said. And the instant they passed the great trunks, his hand closed over her wrist. The powerful final volume of the Hollow Kingdom Trilogy Miranda has waited her whole life to come home to the goblin kingdom, but she never imagined she'd feel so alone there. Her beloved Marak, the center of her world since childhood, has reached the end of his reign. But Marak didn't raise a coward. Miranda needs all her courage when a mysterious elf lord takes her prisoner, reigniting an age-old battle. Caught between two hostile races, she becomes their greatest reason for war—and their only hope for a future. In this final volume of the Hollow Kingdom Trilogy, Clare B. Dunkle draws readers deep into her magical realm for one last incredible story.

Martin lives in a perfect world. Every year a new generation of genetically-engineered children is shipped out to meet their parents. Every spring the residents of his town take down the snow they've stuck to their windows and put up flowers. Every morning his family gathers around their television and votes, like everyone else, for whatever matter of national importance the president has on the table. Today, it is the color of his drapes. It's business as usual under the protective dome of suburb HM1. And it's all about to come crashing down. Because a stranger has come to take away all the little children, including Martin's sister, Cassie, and no one wants to talk about where she has gone. The way Martin sees it, he has a choice. He can remain in the dubious safety of HM1, with danger that no one wants to talk about lurking just beneath the surface, or he can actually break out of the suburb, into the mysterious land outside, rumored to be nothing but blowing sand for miles upon miles. Acclaimed author Clare B. Dunkle has crafted a fresh and fast-paced science-fiction thriller, one that challenges her characters -- and her readers -- to look closer at the world they take for granted.

After the mostly human Emily rejects the elvish Seylin's marriage proposal, both undertake separate quests to learn about their true natures and discover a royal elf and orphaned goblin to bring to the goblin kingdom.

Long before he reaches the old farmhouse of Wuthering Heights, the boy who will become Heathcliff has doomed himself and any who try to befriend him.

Wildly original, funny and moving, The First Fifteen Lives of Harry August is an extraordinary story of a life lived again and again from World Fantasy Award-winning author Claire North. Harry August is on his deathbed. Again. No matter what he does or the decisions he makes, when death comes, Harry always returns to where he began, a child with all the knowledge of a life he has already lived a dozen times before. Nothing ever changes. Until now. As Harry nears the end of his eleventh life, a little girl appears at his bedside. "I nearly missed you, Doctor August," she says. "I need to send a message." This is the story of what Harry does next, and what he did before, and how he tries to save a past he cannot change and a future he cannot allow.

Taking its title from a description of Peter Pan's Neverland, Astonishing Splashes of Colour follows the life of Kitty, a woman who, in a sense, has never grown up. As her moods swing dramatically from high to low, they are illuminated by an unusual ability to interpret people and emotions through colour. Kitty struggles to come to terms with her life, including the loss of her mother, a miscarriage, and an unconventional marriage to her husband, who lives in the apartment next door. And when her father and brothers reveal a family secret long hidden, it overwhelms Kitty's tenuous hold on reality and propels her on an impetuous journey to the brink of madness. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.
