Coal Black Mornings

Coal Black Mornings is excellent: evocative, thoughtful and frank; an instant hit in a minor key. Anderson is particularly good on his unusual upbringing. . . . as accomplished a writer of elegant prose as he was of narcotically enhanced lyrics about urban ennui — Neil Armstrong, Mail on Sunday a thrillingly energetic, bracingly entertaining snapshot of a writer hitting his first full flush ...

Coal Black Mornings: Amazon.co.uk: Anderson, Brett ...

' Coal Black Mornings ' ends just as Suede get their record deal and finally start gaining their unstoppable momentum - however, prior to this, there were years of playing to tiny audiences. ' Coal Black Mornings ', which focusses on Brett's early life and the pre-fame years, is therefore not the standard rock memoir. It's all the bet

Coal Black Mornings by Brett Anderson - Goodreads
Brett Anderson came from a world impossibly distant from rock star success, and in Coal Black Mornings he traces the journey that took him from a childhood as 'a snotty, sniffy, slightly maudlin sort of boy raised on Salad Cream and milky tea and cheap meat' to becoming founder and lead singer of Suede.

Plus the title is wonderful, Coal Black Mornings. If only he had used this phrase just once in the narrative, it would have had far more impact. He says it 5 times, which weakens its impact. Overall I was a bit disappointed, but don't regret having read the book.

Amazon.co.uk:Customer reviews: Coal Black Mornings

The Black Coal Mornings consciously ends at the point that Suede sign their record deal with Nude, so the highs and dark lows of success are not the focus of this book. A brave decision, that gives this book a distinct character, and allows the narrative to breath. The audio book is the definitive version, as it is given extra life through Brett's narration. I absolutely loved it.

Evening Standard Book of the Year. Observer Book of the Year. Guardian Book of the Year. Sunday Times Book of the Year. Telegraph Book of the Year. New Statesman Book of the Year. Herald Book of the Year. Mojo Book of the Year. Brett Anderson came from a world impossibly distant from rock star success, and in Coal Black Mornings he traces the journey that took him from a childhood as 'a snotty, sniffy, slightly maudlin sort of boy raised on Salad Cream and milky tea and cheap meat' to becoming founder and lead singer of Suede. Anderson grew up in Hayward's Heath on the grubby fringes of the Home Counties. As a teenager he clashed with his eccentric taxi-driving father (who would parade around their council house dressed as Lawrence of Arabia, air-conducting his favourite composers) and adored his beautiful, artistic mother. He brilliantly evokes the seventies, the suffocating discomfort of a very English kind of poverty and the burning need for escape that it breeds. Anderson charts the shabby romance of creativity as he travelled the tube in search of inspiration, fuelled by Marmite and nicotine, and Suede's rise from rehearsals in bedrooms, squats and pubs. And he catalogues the intense relationships that make and break bands as well as the devastating loss of his mother. Coal Black Mornings is profoundly moving, funny and intense - a book which stands alongside the most emotionally truthful of personal stories.

'A compelling personal account of the dramas of a singular British band' Neil Tennant The trajectory of Suede - hailed in infancy as both 'The Best New Band in Britain' and 'effete southern wankers' - is recalled with moving candour by its frontman Brett Anderson, whose vivid memoir swings seamlessly between the tender, witty, turbulent, euphoric and bittersweet. Suede began by treading the familiar jobbing route of London's emerging new 1990s indie bands - gigs at ULU, the Camden Powerhaus and the Old Trout in Windsor - and the dispiriting experience of playing a set to an audience of one. But in these halcyon days, their potential was undeniable. Anderson's creative partnership with guitarist Bernard Butler exposed a unique and brilliant hybrid of lyric and sound; together they were a luminescent team - burning brightly and creating some of the era's most revered songs and albums. In Afternoons with the Blinds drawn, Anderson unflinchingly explores his relationship with addiction, heartfelt in the regret that early musical bonds were severed, and clear-eyed on his youthful persona. 'As a young man . . . I oscillated between morbid self-reflection and vainglorious narcissism' he writes. His honesty, sharply self-aware and articulate, makes this a compelling autobiography, and a brilliant insight into one of the most significant bands of the last quarter century.

The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States, told by master historian David McCullough. Mornings on Horseback is the brilliant biography of the young Theodore Roosevelt. Hailed as "a masterpiece" (John A. Gable, Newsday), it is the winner of the Los Angeles Times 1981 Book Prize for Biography and the National Book Award for Biography. Written by David McCullough, the author of Truman, this is the story of a remarkable little boy, seriously handicapped by recurrent and almost fatal asthma attacks, and his struggle to manhood: an amazing metamorphosis seen in the context of the very uncommon household in which he was raised. The father is the first Theodore Roosevelt, a figure of unbounded energy, enormously attractive and selfless, a god in the eyes of his small, frail namesake. The mother, Mittie Bulloch Roosevelt, is a Southerner and a celebrated beauty, but also considerably more, which the book makes clear as never before. There are sisters Anna and Corinne, brother Elliott (who becomes the father of Eleanor Roosevelt), and the lovely, tragic Alice Lee, TR's first love. All are brought to life to make "a beautifully told story, filled with fresh detail" (The New York Times Book Review). A book to be read on many levels, it is at once an enthralling story, a brilliant social history and a work of important scholarship which does away with several old myths and breaks entirely new ground. It is a book about life intensely lived, about family love and loyalty, about grief and courage, about "blessed" mornings on horseback beneath the wide blue skies of the Badlands.

An extraordinary novel about the ubiquitous mysteries of family, memory and music. London, 2010: Icelandic volcanoes have the city in gridlock, banks topple like dominoes and Brandon Kussgarten has been shot dead by gunmen in Donald Duck masks. His death draws his twin brother -- shy, bookish Adam -- into Brandon's underworld of deceit and desire. A miniature kingdom sprouts in a Notting Hill tower-block, LA mansions burn in week-long parties, and in a Baroque hotel suite a record is being made that could redeem its maker even as it destroys him. As Adam begins to fall for his brother's shattered family he finds that to win them for himself he'll have to lose everything that he holds dear. This intelligent, intriguing and emotionally-searing tale of fractured identities, narcissism and ambition questions how being loved for what others think we are differs from who we are to ourselves. With echoes of Performance, The Talented Mr Ripley and Mulholland Drive, The Ruins delves into the dark heart of fame: magic, music and murder.

A raw and surprisingly beautiful coming-of-age memoir, Coal to Diamonds tells the story of Mary Beth Ditto, a girl from rural Arkansas who found her voice. Born and raised in Judsonia, Arkansas—a place where indoor plumbing was a luxury, squirrel was a meal, and sex ed was taught during senior year in high school (long after many girls had gotten pregnant and dropped out) Beth Ditto stood out: Beth was a fat, pro-choice, sexually confused choir nerd with a great voice, an eighties perm, and a Kool Aid dye job. Her single mother worked overtime, which meant Beth and her five siblings were often left to fend for themselves. Beth spent much of her childhood as a transient, shuttling between relatives, caring for a sickly, volatile aunt she nonetheless loved, looking after sisters, brothers, and cousins, and trying to steer clear of her mother's bad boyfriends. Her punk education began in high school under the tutelage of a group of teens—her second family—who embraced their outsider status and introduced her to safety-pinned clothing, mail-order tapes, queer and fat-positive zines, and any shred of counterculture they could smuggle into Arkansas. With their help, Beth survived high school, a tragic family scandal, and a mental breakdown, and then she got the hell out of Judsonia. She decamped to Olympia, Washington, a late-1990s paradise for Riot Grrrls and punks, and began to cultivate her glamorous, queer, fat, femme image. On a whim—with longtime friends Nathan, a guitarist and musical savant in a polyester suit, and Kathy, a quiet intellectual turned drummer—she formed the band Gossip. She gave up trying to remake her singing voice into the ethereal wisp she thought it should be and instead embraced its full, soulful potential. Gossip gave her that chance, and the raw power of her voice won her and Gossip the attention they deserved. Marked with the frankness, humor, and defiance that have made her an international icon, Beth Ditto's unapologetic, startlingly direct, and poetic memoir is a hypnotic and inspiring account of a woman coming into her own.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

A portrait of the contemporary music icon explores his enigmatic personality in light of the author's own fan obsession, tracing his rise as the front man of The Smiths in the 1980s through his solo career.

Under a Watchful Eye by Adam Nevill is a supernatural thriller from the award-winning writer of The Ritual and Last Days. Seb Logan is being watched. He just doesn't know by whom. When the sudden appearance of a dark figure shatters his idyllic coastal life, he soon realizes that the murky past he thought he'd left behind has far from forgotten him. What's more unsettling is the strange atmosphere that engulfs him at every sighting, plunging his mind into a terrifying paranoia. To be a victim without knowing the tormentor. To be despised without knowing the offence caused. To be seen by what nobody else can see. These are the thoughts which plague his every waking moment. Imprisoned by despair, Seb fears his stalker is not working alone, but rather is involved in a wider conspiracy that threatens everything he has worked for. For there are doors in this world that open into unknown places. Places used by the worst kind of people to achieve their own ends. And once his investigation leads him to stray across the line and into mortal danger, he risks becoming another fatality in a long line of victims. . . .

"The latest thriller in the Charlie Parker detective series, in which a private detective has vanished and Parker is hired to track him down"--
