Discourse Analysis By Brown And

Gillian Brown, George Yule. Discourse analysis is a term that has come to have different interpretations for scholars working in different disciplines. For a sociolinguist, it is concerned mainly with the structure of social interaction manifested in conversation; for a psycholinguist, it is primarily concerned with the nature of comprehension of short written texts; for the computational linguist, it is concerned with producing operational models of text-understanding within highly limited ...

Discourse Analysis | Gillian Brown, George Yule | download

This is a standard read for anyone attempting discourse analysis. Even besides this, if you are attempting the field, you would do well to start here anyway. I found Brown's style easy to follow, and extremely fruitful for enhancing my understanding of the topic and practice. Anyone studying this topic would benefit from this resource.
