World War II Story: The Largest Surrender in American History. 40 percent of the Americans never made it home.

Dive! World War II Stories of Sailors & Submarines in the Pacific tells the incredible story of America's little known "war within a war" -- US submarine warfare during World War II. Following the attack on Pearl Harbor, the US entered World War II in December 1941 with only 44 Naval submarines -- many of them dating from the 1920s. With the Pacific battleship fleet decimated after Pearl Harbor, it was up to the feisty and heroic sailors aboard the US submarines to stop the Japanese invasion across the Pacific. Including breakouts highlighting submarine life and unsung African-American and female war heroes, award-winning author Deborah Hopkinson uses first-person accounts, archival materials, official Naval documents, and photographs to bring the voices and exploits of these brave service members to life.

Sibert Award-winning author Hopkinson tells the incredible story of America's little known "war within a war," the U.S. submarine warfare during World War II.

Fatal Dive: Solving the World War II Mystery of the USS Grunion by Peter F. Stevens reveals the incredible true story of the search for and discovery of the USS Grunion. Discovered in 2006 after a decades-long, high-risk search by the Abele brothers▯whose father commanded the submarine and met his untimely death aboard it▯one question remained: what sank the USS Grunion? Was it a round from a Japanese ship, a catastrophic mechanical failure, or something else▯one of the sub's own torpedoes? For almost half the war, submarine skippers▯complaints about the MK 14 torpedo's dangerous flaws were ignored by naval brass, who sent the subs out with the defective weapon. Fatal Dive is the first book that documents the entire saga of the ship and its crew and provides compelling evidence that the Grunion was a victim of ▯The Great Torpedo Scandal of 1941-43.▯ Fatal Dive finally lays to rest one of World War II's greatest mysteries.

On the night of August 13, 1944, the U.S. submarine Flier struck a mine in the Sulu Sea in the southern Philippines as it steamed along the surface. All but fifteen of the more than eighty-strong crew went down with the vessel. Of those left floating in the dark, eight survived by swimming for seventeen hours before washing ashore on an uninhabited island. The story of the Flier and its eight survivors is wholly unique in the annals of U.S. military history. Eight Survived tells the gripping story of the doomed submarine and its crew from its first patrol, during which it sank several enemy ships, to the explosion in the Sulu Sea. Drawing on interviews with the survivors and on a visit to the jungle where they washed ashore▯where a cast of fascinating characters helped the U.S. sailors evade the Japanese▯Douglas Campbell fully captures the combination of extraordinary courage and luck that marked one of the most heroic episodes of World War II.

When the Nazis invaded Denmark on Tuesday, April 9, 1940, the people of this tiny country to the north of Germany awoke to a devastating surprise. The government of Denmark surrendered quietly, and the Danes were ordered to go about their daily lives as if nothing had changed. But everything had changed. Award-winning author Deborah Hopkinson traces the stories of the heroic young men and women who would not stand by as their country was occupied by a dangerous enemy. Rather, they fought back. Some were spies, passing tactical information to the British; some were saboteurs, who aimed to hamper and impede Nazi operations in Denmark; and 95% of the Jewish population of Denmark were survivors, rescued by their fellow countrymen, who had the courage and conscience that drove them to act. With her talent for digging deep in her research and weaving real voices into her narratives, Hopkinson reveals the thrilling truth behind one of WWII's most daring resistance movements.

A nonfiction collection includes stories featuring mighty submarines and their crews, from the tough subs that harassed the Japanese Navy during World War II to the cat-and-mouse games played by U.S. and Soviet subs during the Cold War.
