Guidance: Statement on Quality Control Standards (SQCS) No. 8, A Firm's System of Quality Control (Redrafted) (AICPA, Professional Standards, vol. 2, QC sec. 10) , requires every CPA firm, regardless of its size, to have a system of quality control for its accounting and auditing practice .

Peer Review & Quality Control Document Guidance

The body of the checklist is a more extensive tabulation of specific tasks organized under the following headings:

- Management / Quality Management / Schedules
- Program / Construction Costs / Regulatory Requirements
- Performance Criteria
- Civil / Site Design
- Design / Architecture
- Structural
- MEP / FP
- Other Consultants

These tasks are still somewhat general and focused primarily on tracking the completeness of or status of specific project related tasks.

Design Development Quality Management Phase Checklist

The A/E Contractor is also responsible for Quality Control (QC) which includes ensuring the technical accuracy, completeness, and correctness of the design, and cost estimate and all engineering aspects and details, including coordination of all disciplines with each other and with the specifications. This is consistent with the FAR, which states:
