**\*\*Winner - Sweetspot Cycling Book of the Year\*\*** For 11 years I was a professional cyclist, competing in the hardest and greatest races on Earth. I was in demand from the world's best teams, a well-paid elite athlete. But I never won a race. I was the hired help. When my mum dropped me off in a small French town aged 17, I was full of determination to be a professional cyclist, but I was completely green. I went from mowing the team manager's lawn to winning every amateur race I entered. Then I turned pro and realised I hated the responsibility and pressure of chasing victory. And that's when I became a domestique. I learned to take that hurt and give it everything I had to give, all for someone else's win. When the order came in to ride I pushed out with the hardest rhythm I could, dragging the group faster and faster, until my whole body screamed with pain. There were times I rode myself to a standstill, clutching the barrier metres from the line, as the lead group shot past. But that's what made me so good at my job. As my career took off, I started looking at the fans lining the route, cheering us like heroes. The passion for cycling oozed off them, but they couldn't know what it was really like. They didn't see the terrible hotels, the crazy egos or all the shit that goes with great expectations. Well, this is how it is...

“The holy grail for disillusioned cycling fans . . . The book's power is in the collective details, all strung together in a story that is told with such clear-eyed conviction that you never doubt its veracity. . . . The Secret Race isn't just a game changer for the Lance Armstrong myth. It's the game ender.”—Outside  
**NEW YORK TIMES BESTSELLER • WINNER OF THE WILLIAM HILL SPORTS BOOK OF THE YEAR AWARD** The Secret Race is the book that rocked the world of professional cycling—and exposed, at

# Get Free Domestique The Real Life Ups And Downs Of A Tour Pro

long last, the doping culture surrounding the sport and its most iconic rider, Lance Armstrong. Former Olympic gold medalist Tyler Hamilton was once one of the world's top-ranked cyclists—and a member of Lance Armstrong's inner circle. Over the course of two years, New York Times bestselling author Daniel Coyle conducted more than two hundred hours of interviews with Hamilton and spoke with numerous teammates, rivals, and friends. The result is an explosive page-turner of a book that takes us deep inside a shadowy, fascinating, and surreal world of unscrupulous doctors, anything-goes team directors, and athletes so relentlessly driven to win that they would do almost anything to gain an edge. For the first time, Hamilton recounts his own battle with depression and tells the story of his complicated relationship with Lance Armstrong. This edition features a new Afterword, in which the authors reflect on the developments within the sport, and involving Armstrong, over the past year. The Secret Race is a courageous, groundbreaking act of witness from a man who is as determined to reveal the hard truth about his sport as he once was to win the Tour de France. With a new Afterword by the authors. “Loaded with bombshells and revelations.”—VeloNews “[An] often harrowing story . . . the broadest, most accessible look at cycling's drug problems to date.”—The New York Times “‘If I cheated, how did I get away with it?’ That question, posed to SI by Lance Armstrong five years ago, has never been answered more definitively than it is in Tyler Hamilton's new book.”—Sports Illustrated “Explosive.”—The Daily Telegraph (London)

Plump, grumpy, slumped on the couch, and going nowhere fast at age 16, Phil Gaimon began riding a bicycle with the grand ambition of shedding a few pounds before going off to college. He soon fell into racing and discovered he was a natural, riding his way into a pro contract after just one season despite utter ignorance of a century of cycling etiquette. Now, in his book *Pro Cycling on \$10 a Day*, Phil brings the full powers of his wit to tell his story.

# Get Free Domestique The Real Life Ups And Downs Of A Tour Pro

Presented here as a guide--and a warning--to aspiring racers who dream of joining the professional racing circus, Phil's adventures in road rash serve as a hilarious and cautionary tale of frustrating team directors and broken promises. Phil's education in the ways of the peloton, his discouraging negotiations for a better contract, his endless miles crisscrossing America in pursuit of race wins, and his conviction that somewhere just around the corner lies the ticket to the big time fuel this tale of hope and ambition from one of cycling's best story-tellers. Pro Cycling on \$10 a Day chronicles the racer's daily lot of blood-soaked bandages, sleazy motels, cheap food, and overflowing toilets. But it also celebrates the true beauty of the sport and the worth of the journey, proving in the end that even among the narrow ranks of world-class professional cycling, there will always be room for a hard-working outsider.

Who is The Secret Cyclist and why all the secrecy? "Every public aspect of our lives is so tightly controlled that being truly honest is all but impossible in a newspaper interview, never mind a whole book. You try write a warts-and-all blog about your office. Question how the business is run, make sure you remember to call your boss a moron, and then tell me how it goes." He's ridden for World Tour teams for ten years. He's achieved top ten finishes in Grand Tours. He likes coffee. These are just a few details about the professional rider who wants you to know what the view looks like from the centre of the peloton. What do the riders really make of Team Sky? How does the pay structure work? Why should you never trust a kit endorsement from a professional? Is doping still an issue? The Secret Cyclist tackles the big questions head-on, revealing a side to cycling that fans have never seen before.

Bob Roll is a former Tour de France racer, well-known scribe, and race announcer, and he's back to cause a ruckus! Bobke II (correctly pronounced "BOOB-kuh" ) revisits all of the original journals of Roll's wild rides and crazy tales about cycling's uncensored side.

# Get Free Domestique The Real Life Ups And Downs Of A Tour Pro

When Bobke retired from competition, his pen continued the crazed poetic commentary, and Roll's newest additions cover both topics held reverent in cycling and also those that are hardly related to the sport. Bobke tips his cap to the classic riders and races, takes us on a grueling week of training with Lance Armstrong, tells the sport as he sees it, and entertains us with plenty of ditties and rants in between. It's a zany, often absurd, yet compelling commotion.

Beloved German cyclist Jens Voigt isn't a superstar in the traditional sense of the word. Although he won three stages of the Tour De France—and wore the yellow jersey twice—Voigt never claimed an overall victory. He became a star because he embodies qualities that go beyond winning and losing: sacrifice, selflessness, reliability, and devotion. European and American crowds were drawn to his aggressive riding style, outgoing nature, and refreshing realness. Voigt adopted a tireless work ethic that he carried throughout his career. In *Shut Up, Legs!* (a legendary Jensism), Voigt reflects upon his childhood in East Germany, juggling life as a professional cyclist and a father of six, and how he remained competitive without doping. *Shut Up, Legs!* offers a rare glimpse inside his heart and mind.

An eye-opening expose of and a heart-breaking lament for professional cycling Paul Kimmage's boyhood dreams were of cycling glory: wearing the yellow jersey, cycling the Tour de France, becoming a national hero. He knew it wouldn't come easy, but he was prepared to put in the graft. The dedication paid off – he finished sixth in the World Championships as an amateur and in 1986, he turned professional. He soon discovered it wasn't about courage, training hours or how much you wanted to win. It was about gruelling defeats, total exhaustion, and drugs - drugs that would allow you to finish the race and start another day. Kimmage ultimately left the sport to write this book – profoundly honest and ground-breaking, *Rough Ride* broke the silence surrounding the

# Get Free Domestique The Real Life Ups And Downs Of A Tour Pro

issue of drugs in sport, and documents one man's love for, and struggle with, the complex world of professional cycling. 'A must read for any cyclist' Cyclist WINNER OF WILLIAM HILL SPORTS BOOK OF THE YEAR

From the author of the cult favorite Pro Cycling on \$10 a Day and Ask a Pro, the story of one man's quest to realize his childhood dream, and what happened when he actually did it. Like countless other kids, Phil Gaimon grew up dreaming of being a professional athlete. But unlike countless other kids, he actually pulled it off. After years of amateur races, hard training, living out of a suitcase, and never taking "no" for an answer, he finally achieved his goal and signed a contract to race professionally on one of the best teams in the world. Now, Gaimon pulls back the curtain on the WorldTour, cycling's highest level. He takes readers along for his seasons in Europe, covering everything from rabid, water-bottle-stealing Belgian fans, to contract renewals, to riding in poisonous smog, to making friends in a sport plagued by doping. Draft Animals reveals a story as much about bike racing as it is about the never-ending ladder of achieving goals, failure, and finding happiness if you land somewhere in-between.

In 2012, veteran cyclist Michael Barry announced his retirement from the sport after fourteen years. Weeks later he testified against his former teammate Lance Armstrong, as part of the USADA investigation. In Shadows on the Road, Barry recounts what it was like to ride for US Postal and Team Sky alongside Lance Armstrong, Mark Cavendish, Bradley Wiggins and Chris Froome, and how his early idealistic dreams and passions were compromised by a sport in crisis. Offering a dramatic insight into the life and mind of a professional sportsman - the pressures, sacrifices, fears, crashes, injuries and neuroses - Shadows on the Road is a must-read for all cycling and sports fans alike.
