Dragons, a prophecy, a curse and a reverse harem of the most important dragons. It's crazy tempting and honestly not that bad if you really like all these elements even if it's done a little bland. The beginning is good, I love the thief idea and to use it as a way to Dragon's Fire is smushed together version of the whole blood prophecy series, five tiny books make for a one long ass read duh.

Three dragons. One woman. A reverse harem fantasy that will leave you breathless and begging for more... Dareena Sellis is a nobody. The orphaned daughter of a no-name farmer, she toils away as a serving girl at Hallowdale Inn, her only marriage prospects either shipping off to war, or pawing at her skirts with their grubby, gnarled hands. But fate takes a strange turn the day a dragon huntress comes to town. Suddenly, Dareena is swept off to Dragon's Keep, trading in her raggedy dresses for silken gowns, her closet-sized room for feather pillows and spacious gardens, and her miserable suitor for three very handsome, veryvirile dragon princes. For Dareena is not a nobody. She is the Dragon's Gift--the one woman chosen by the gods every century to bear children for the future king of Dragonfell. Despite her pre-ordained path, Dareena's fate is far from certain. The crown has not given birth to more than one son in nearly a thousand years, and the line of succession is far from clear. Neither of the princes are willing to cede Dareena to the other, and yet she must choose. For the enemy is knocking on Dragonfell's door, and Dareena's decision could either mean the kingdom's salvation... ...or annihilation.

Maya Rose has a problem. She's the last in her line of dragon shifters, and if she doesn't produce an heir soon, it could be disastrous for her kingdom. In order to remedy this, her father, the king, has gathered the greatest heroes from across the lands, and set them on a quest to not only save the kingdom, but to win Maya's love. Should they succeed, they will become her husband and rule by her side. Should they fail to win her love, death is the only answer. But with so many dashing men willing to do anything to win her hand, how is a girl to choose? Then again, no one ever said she had to pick just one. After all, the fate of the realm is at stake, and maybe this time, more is merrier.

Stolen from her homeland. Separated from her mates. Is there any hope for Dareena and her dragons? Or is their kingdom destined to fall? When Drystan

and his brothers managed to drive their madness-stricken father from the throne, Dareena thought the worst of their troubles were over. But the elves are knocking at their door, demanding reparations, and with a new general at the helm, they will not let Dragonfell off the hook so easily. To buy their kingdom time, and save their armies from certain destruction, Dareena and Alistair allows themselves to be taken to Elvenhame, where they will be held hostage until the countries can come to an agreement. But while the two kingdoms squabble, the real enemy continues its insidious assault. Both Dragonfell and Elvenhame unknowingly teeter on the brink of destruction, and unless Dareena and her mates can uncover the true conspiracy, their world will fall to darkness...
