Intending to help students revise the key topics they need to brush up on, this work includes "test yourself" diagnostic questions, worked examples, practice questions and summaries on important topics, and practice examination papers.

This book supports students preparing for the Edexcel GCSE exam. The practice papers in the book are carefully modelled after past papers and specifications of exam board to ensure that the papers as a whole provide a rich and varied practice to meet all requirements of GCSE mathematics with an appropriate difficulty. Papers are designed to teach students the most easily applicable, reusable and fastest solutions to typical problems, and utilise problems which target areas of maths which students typically forget under the pressure of an exam. Solutions provided have been reviewed by many students to ensure that they are easily understandable while being the fastest and most re-applicable.

Intending to help students revise the key topics they need to brush up on, this work includes test yourself diagnostic questions, worked examples, practice questions and summaries on important topics, and practice examination papers.

Intending to help students revise the key topics they need to brush up on, this work includes test yourself diagnostic questions, worked examples, practice questions and summaries on important topics, and practice examination papers.

A revision guide for the London Examinations Board GCSE higher maths exam. The book offers: key point summaries of candidates expected knowledge; worked examples; test-yourself diagnostic questions; and a further practice examination paper. The text is cross-referenced to the companion course text.

This book supports students preparing for the Edexcel International GCSE exam. It comprises of 4 full practice papers. Each practice paper contains 25 questions and detailed solutions. The practice papers in the book are carefully modelled after past papers and specifications of exam board to ensure that the papers as a whole provide a rich and varied practice to meet all requirements of IGCSE mathematics with an appropriate difficulty. Solutions are easy and comprehensible by people of all skill levels. They offer students ways of dealing with common problems but also more complex questions that students may struggle with under examination pressure. The solutions have been reviewed by many students of varying skill, to ensure that they are easily understandable while being the fastest and most re-applicable.

Are you sitting the new 9 to 1 GCSE examinations and wish to achieve good grades? Are you overwhelmed by the new syllabus and the workload? Do you need some useful and reliable guidance from a student who has nailed the exams? This book has been written by a teenager, like you. Having achieved seven 9s, three A*s and one A in his GCSEs, the author has shared his revision style to help many other teenagers to realise their potential. In his book, Rohan has outlined his tried and tested methods to achieve the best grades. There is step by step guide on planning, making a timetable, and revision techniques leading up to the GCSE exams. There are separate chapters for subject-specific advice as the same technique cannot work for subjects like English and Chemistry. There are tips on how to stay motivated and also relax and enjoy at the same time. Smart working rather than a lot of working helps. Read this book and arm yourself with studying techniques which will help you not only in your GCSEs but all future exams.
