Encyclopedia of the American Presidency: Michael A ...

The presidency of William Henry Harrison, who died 31 days after taking office in 1841, was the shortest in American history. Franklin D. Roosevelt served the longest, over twelve years, before dying early in his fourth term in 1945. He is the only U.S. president to have served more than two terms.

List of presidents of the United States - Wikipedia

The president of the United States (POTUS) is the head of state and head of government of the United States of America. The president directs the executive branch of the federal government and is the commander-in-chief of the United States Armed Forces. The power of the presidency has grown substantially since its formation, as has the power of the federal government as a whole.

encyclopedia of the american presidency

As the head of the government of the United States, the president is arguably the most powerful government official in the world. The president is elected to a four-year term via an electoral college system. Since the Twenty-second Amendment was adopted in 1951, the American presidency has been limited to a maximum of two terms.

Presidents of the United States | Britannica

Encyclopædia Britannica, Inc. See all videos for this article. Presidency of the United States of America, chief executive office of the United States. In contrast to many countries with parliamentary forms of government, where the office of president, or head of state, is mainly ceremonial, in the United States the president is vested with great authority and is arguably the most powerful elected official in the world.
