A Rough Guide to British Dialects | EF English Live

Dialects are linguistic varieties that may differ in pronunciation, vocabulary, spelling and grammar. For the classification of varieties of English only in terms of pronunciation, see regional accents of English. Dialects can be defined as "sub-forms of languages which are, in general, mutually comprehensible." English speakers from different countries and regions use a variety of different accents as well as various localised words and grammatical constructions; many different dialects can be

List of dialects of English - Wikipedia

Estuary English (Southeast British) Estuary is an accent derived from London English which has achieved a status slightly similar to 'General American' in the US. Features of the accent can be heard around Southeast England, East Anglia, and perhaps further afield. It is arguably creeping into the Midlands and North.

Dialects & Accents - International Dialects of English Archive

Dialect and accent are two different aspects of language. However, there are some overlaps. An accent is also specific to a region. In English, there might be an American, British, or Australian accent.

What is Dialect? Definition, Examples of English Dialects ...

Standard English started as a regional dialect that developed in the southeast of England. This variety, which is perceived as official, is used in writing, the education system (grammar books and dictionaries), the court, the church, in newspapers, the media and for official purposes.

Standard English vs. Non-Standard English Dialects

Spoken English shows great variation across regions where it is the predominant language. This article provides an overview of the numerous identifiable variations in pronunciation; such distinctions usually derive from the phonetic inventory of local dialects, as well as from broader differences in the Standard English of different primary-speaking populations. Accent is the part of dialect concerning local pronunciation. Vocabulary and grammar are described elsewhere; see List of dialects of t

Regional accents of English - Wikipedia

Dialect, a variety of a language that signals where a person comes from. The notion is usually interpreted geographically (regional dialect), but it also has some application in relation to a person's social background (class dialect) or occupation (occupational dialect). The word dialect comes

Dialect | linguistics | Britannica

The definition of accents and dialects used most often by people who work with language is that accents are just one part of a dialect. An accent refers to how people pronounce words, whereas a dialect is all-encompassing. A dialect includes the pronunciations, grammar and vocabulary that people use within a group.

What's The Difference Between A Language, A Dialect And An ...

The accent and dialect of South Wales is strongly influenced by the English spoken in neighbouring areas, such as Bristol and the West Country; the English spoken in Mid-Wales bears some comparison with that spoken in places like Shrewsbury and other Midlands border areas, and the English spoken in North Wales has a strong resemblance to the variety spoken on Merseyside.

Accents and dialects of Wales - The British Library

Origins. African-American Vernacular English (AAVE) may be considered a dialect, ethnolect or sociolect. <sup>[</sup><sup>citation needed]</sup> While it is clear that there is a strong historical relationship between AAVE and earlier Southern U.S. dialects, the origins of AAVE are still a matter of debate.The presiding theory among linguists is that AAVE has always been a dialect of English, meaning that it ...
