approach. This textbook provides the tools and foundation for preparing a financial plan and provides students with a real-world demonstration of how a financial plan is developed. The text features: A content review of all of the major subject areas in the financial planning curriculum set in the context of the financial planning process. A variety of case studies: The Bedo Family Case serves as the foundation for writing a comprehensive financial plan. Questions and discussion related specifically to the Bedo case run through the entire book. Chapter-based case examples illustrate how financial planning recommendations are developed to help clients meet goals and objectives. End-of-chapter mini-cases and questions challenge students to apply chapter content. Quantitative/analytical mini-cases feature multiple-choice questions and answers, designed to develop a student's ability to analyze, evaluate, and synthesize

14-chapter book, covering the critical topics in Personal Finance courses. This 4-color, paperback text is designed and written to appeal to a range of ages, life situations, and levels of financial literacy. A unique aspect of this text is its active approach. This text will not only get your students thinking about their current situation and financial goals, but also to put these in writing to use as a guide and revise over the course of their lives. The more a student involves themselves in the assessments, exercises and worksheets provided, the more they will discover about their current habits and how to improve them for greater financial freedom. Students have many different financial goals, but none are more important than having a basic understanding of financial issues and peace of mind with regard to their decisions. The ultimate goal of Focus on Personal Finance is to get students to this point as a first step to
