Drawing on women's experience - both personal and historical - this collection of poems celebrates, elegizes and eroticizes the female condition.

In *Jesus and Other Men*, Susanna Asikainen explores the masculinities of Jesus and other male characters and the ideal femininities in the Synoptic Gospels.

--WALL STREET JOURNAL BESTSELLER-- The Gospel of Mary Magdalene reveals a very different love story from the one we've come to refer to as Christianity. Harvard-trained theologian Meggan Watterson leads us verse by verse through Mary's gospel to illuminate the powerful

Read PDF Feminine Gospels

teachings it contains. A gospel, as ancient and authentic as any of the gospels that the Christian bible contains, was buried deep in the Egyptian desert after an edict was sent out in the 4th century to have all copies of it destroyed. Fortunately, some rebel monks were wise enough to refuse-and thanks to their disobedience and spiritual bravery, we have several manuscripts of the only gospel that was written in the name of a woman: The Gospel of Mary Magdalene. Mary's gospel reveals a radical love that sits at the heart of the Christian story. Her gospel says that we are not sinful; we are not to feel ashamed or unworthy for being human. In fact, our purpose is to be fully human, to be a "true human being"- that is, a person who has remembered that, yes, we are a messy, limited ego, and we are also a limitless soul. And all we need to do is to turn inward (again and again); to meditate, like Mary Magdalene, in the way her gospel directs us, so that we can see past the ego of our own little lives to what's more real, and lasting, and infinite, and already here, within. With searing clarity, Watterson explains how and why Mary Magdalene came to be portrayed as the penitent prostitute and relates a more historically and theologically accurate depiction of who Mary was within the early Christ movement. And she shares how this discovery of Mary's gospel has allowed her to practice, and to experience, a love that never ends, a love that transforms everything.

Read PDF Feminine Gospels

The voices of Mrs. Midas, Queen Kong, and Frau Freud, to say nothing of the Devil's wife herself, startle us with their wit, imagination, and incisiveness in this collection of poems written from the perspectives of the wives of famous--and infamous--male personages. Reprint.

Selected by the Modern Library as one of the 100 best nonfiction books of all time *The Gnostic Gospels* is a landmark study of the long-buried roots of Christianity, a work of luminous scholarship and wide popular appeal. First published in 1979 to critical acclaim, winning the National Book Award and the National Book Critics Circle Award, *The Gnostic Gospels* has continued to grow in reputation and influence over the past two decades. It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time. In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels, thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament. In this spellbinding book, renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today. With

Read PDF Feminine Gospels

insight and passion, Pagels explores a remarkable range of recently discovered gospels, including the Gospel of Thomas and the Gospel of Mary Magdalene, to show how a variety of "Christianities" emerged at a time of extraordinary spiritual upheaval. Some Christians questioned the need for clergy and church doctrine, and taught that the divine could be discovered through spiritual search. Many others, like Buddhists and Hindus, sought enlightenment—and access to God—within. Such explorations raised questions: Was the resurrection to be understood symbolically and not literally? Was God to be envisioned only in masculine form, or feminine as well? Was martyrdom a necessary—or worthy—expression of faith? These early Christians dared to ask questions that orthodox Christians later suppressed—and their explorations led to profoundly different visions of Jesus and his message. Brilliant, provocative, and stunning in its implications, *The Gnostic Gospels* is a radical, eloquent reconsideration of the origins of the Christian faith.

The most up-to-date and comprehensive case for the feminist interpretation of Jesus and Christianity ever published. The fruit of decades of research and commitment, Swidler analyzes the role of women in each of the Gospels, asserts that women were involved in the writing of 2 of the gospels, and outlines the ways in which modern
