You know that if you die tonight, you'll go to heaven. But Todd Hunter believes Christianity is a life, not merely a secure death. Which means that eternal life---abundant life---begins on earth, as soon as we become a follower of Jesus. These pages lead us into this gospel way of living. "Christianity Beyond Belief will stir your heart, engage your mind, enlarge your soul and reshape your imagination. Richard J. Foster, author of Celebration of Discipline and coauthor of Longing for God " Todd Hunter is someone who cares deeply about evangelism in contemporary culture." Nicky Gumbel, author of Questions of Life and other Alpha books and videos "Todd is part of a movement to rediscover the true message of Jesus and how we are to respond to it." John Ortberg, pastor and author of The Life You've Always Wanted "Put [this book] to the test and you will find that a lot of 'Christian stuff' that never worked for you before actually does work." Dallas Willard, author of Hearing God "If we truly understand that following Jesus is not about ourselves, the potential of what could happen for the gospel is absolutely incredible.... Todd lays out very practical ways of not only understanding this, but actually implementing this in our lives." Dan Kimball, author of They Like Jesus but Not the Church "Christianity Beyond Belief will change your religion. And that's a good thing." Sally Morgenthaler, one of the authors of An Emergent Manifesto of Hope

Spiritual formation professor and New Testament scholar Bruce Demarest helps us grasp the whole picture of the journey we're on with Christ that we might live our days with intention and keep moving toward maturity in faith. Using Scripture, writings from our rich spiritual tradition and stories of present-day believers walking the same path of faith, the Demarest leads us through the three main stages of the journey to become more like Christ.

A book to be published in the 20th-anniversary year of the Nirvana front man's death features 90 previously unpublished photographs taken in August 1993 for the London Observer's Sunday magazine—the last formal photo shoot in which Cobain participated. 10,000 first printing.

It has never been more important to teach your children well. Many parents want to see positive character traits in their children but wonder how to instill them. As stars of the hit reality show "Duck Dynasty", Korie and Willie Robertson receive loads of letters and messages from fans asking how did they raise such good kids. As Korie will tell you, it wasn ' t easy, but it is possible. A straightforward approach to parenting, Strong and Kind helps parents identify the character traits they want to see in their children along with the tools for putting them in place. For instance, strong means " resilient " and " sturdy. " In the same way that muscles can be resilient and sturdy, our inner confidence can and should be too. Kindness to others always requires good manners, sharing, patience, forgiveness, and joyfulness, which are also character traits we want our children to possess. Then there ' s treating others with respect and love, which is the second greatest command. "Strong and Kind also covers the ways parents can implement these positive traits. Korie identifies nine specific character traits that parents will want to focus in on with their kids. Besides strong and kind they include: self-control, honesty, loyalty, humility, compassion, patience, and being joyful. And by modeling the best behavior, parents will increase the chances of their kids catching on. Ultimately, the stars of "Duck Dynasty" recommend you do what they do at the end of every episode: hand your children over to God ' s loving arms in prayer every day.

Georgia O'Keeffe, one of the most original painters America has ever produced, left behind a remarkable legacy when she died at the age of ninety-eight. Her vivid visual vocabulary -- sensuous flowers, bleached bones against red sky and earth -- had a stunning, profound, and lasting influence on American art in this century. O'Keeffe's personal mystique is as intriguing and enduring as her bold, brilliant canvases. Here is the first full account of her exceptional life -- from her girlhood and early days as a controversial art teacher...to her discovery by the pioneering photographer of the New York avant-garde, Alfred Stieglitz...to her seclusion in the New Mexico desert, where she lived until her death. And here is the story of a great romance -- between the extraordinary painter and her much older mentor, lover, and husband, Alfred Stieglitz. Renowned for her fierce independence, iron determination, and unique artistic vision, Georgia O'Keeffe is a twentieth-century legend. Her dazzling career spans virtually the entire history modern art in America.

With more than 250,000 copies sold, this classic exploration of dreams and how to use them has been updated to reflect recent research on dreams and dreaming.

This Philip K. Dick Award nominee is a multi-layered novel: a murder-mystery, a classical tragedy, and a spiritual journey. Set among the Cherokee of North Carolina in the 1950s, Inagehi is the story of a young woman who inherits a mountain and the mystery of her father's death. With themes as ancient as the existence of God and as modern as post-traumatic stress disorder, Inagehi answers that voice inside us all that asks how "it" all fits together. A work of uncommon power from a master craftsman.
