The best education system provides the best education to all children, irrespective of their ethnic group or socio-economic background. Malaysian education system aims to ensure that all children, irrespective of who their parents are and where they are schooling, will be equipped with the basic needs to succeed in their future educational endeavours and eventually in daily life and the workforce. However, in the effort to realize equity in education to all children in Malaysia, we are confronted with all sorts of problems and challenges. Empirical studies with scientific explanations will provide insights into how education for underprivileged primary and secondary students in Malaysia can be further improved to ensure equal accessibility to quality education. This book attempts to bring together prominent researchers and educators in the field of rural education to share their findings, experiences, reflection, and vision on the emerging trends in rural education in the country. A MAN WITHOUT AMBITION is Dr Arnold Mol ' s autobiography written with the purpose of giving his grandchildren some insight into part of their historical heritage. Even though his family and friends were surprised by the title, Dr Mol says that his life has been characterized by responding to opportunities that have come his way, rather than purposefully planning to achieve something. A MAN WITHOUT AMBITION begins with Dr Mol recounting the drama surrounding his birth in Holland shortly before the end of the Second World War. He then reflects on the past 68 blessed years of his life – about immigrating to South Africa, growing up, the love of his life, his first job, his missionary calling to South America, becoming a parent and his deep gratitude towards the Lord. A MAN WITHOUT AMBITION makes for rather entertaining reading with many anecdotes, and readers will see how blessed life can be when they trust God and put their faith in Him alone.
