Getting a Coding Job For Dummies - Nikhil Abraham - IT systems

A passion for coding and tech in general goes a long way (e.g. hobby projects, automating stuff at home, setting up your home network, building your own pc, etc) Personally, I think somebody of average intelligence can get a dev job without a CS degree, but you have to make up for it more with everything in the list above.

Is it realistic to get a programming job without a degree ...

A good place to start would be local doctor offices that have coders onsite. It depends where you live, but I think those kinds of places would be the most likely to hire someone new. If you ' re applying to coding companies that hire all remote coders – those are the hardest jobs to get even for an experienced coder.
