Out of the carnage of World War II comes an unforgettable tale about defying the odds and finding hope in the most harrowing of circumstances. *Wheels of Courage* tells the stirring story of the soldiers, sailors, and marines who were paralyzed on the battlefield during World War II—at the Battle of the Bulge, on the island of Okinawa, inside Japanese POW camps—only to return to a world unused to dealing with their traumatic injuries. Doctors considered paraplegics to be "dead-enders" and "no-hopers," with the life expectancy of about a year. Societal stigma was so ingrained that playing sports was considered out-of-bounds for so-called "crippled bodies." But servicemen like Johnny Winterholler, a standout

athlete from Wyoming before he was captured on Corregidor, and Stan Den Adel, shot in the back just days before the peace treaty ending the war was signed, refused to waste away in their hospital beds. Thanks to medical advances and the dedication of innovative physicians and rehabilitation coaches, they asserted their right to a life without limitations. The paralyzed veterans formed the first wheelchair basketball teams, and soon the Rolling Devils, the Flying Wheels, and the Gizz Kids were barnstorming the nation and filling arenas with cheering, incredulous fans. The wounded-warriors-turned-playmakers were joined by their British counterparts, led by the indomitable Dr. Ludwig Guttmann. Together, they triggered the birth of the Paralympic Games and opened the gymnasium doors to those with other disabilities, including survivors of the polio epidemic in the 1950s. Much as Jackie Robinson's breakthrough into the major leagues served as an opening salvo in the civil rights movement, these athletes helped jump-start a global movement about human adaptability. Their unlikely heroics on the court showed the world that it is ability, not disability, that matters most. Off the court, their push for equal rights led to dramatic changes in how civilized societies treat individuals with disabilities: from kneeling buses and curb cutouts to the Americans with Disabilities Act of 1990. Their saga is yet another lasting legacy of the Greatest Generation, one that has been long overlooked. Drawing on the veterans' own words, stories, and memories about this pioneering era, David Davis has crafted a narrative of survival, resilience, and triumph for sports fans and athletes, history buffs and military veterans, and people with and without disabilities.

Waterman is the first comprehensive biography of Duke Kahanamoku (1890-1968): swimmer, surfer, Olympic gold medalist, Hawaiian icon, waterman. Long before Michael Phelps and Mark Spitz made their splashes in the pool, Kahanamoku emerged from the backwaters of Waikiki to become America's first superstar Olympic swimmer. The original "human fish" set dozens of world records and topped the world rankings for more than a decade; his rivalry with Johnny Weissmuller transformed competitive swimming from an insignificant sideshow into a headliner event. Kahanamoku used his Olympic renown to introduce the sport of "surf-riding," an activity unknown beyond the Hawaiian Islands, to the world. Standing proudly on his traditional wooden longboard, he spread surfing from Australia to the Hollywood crowd in California to New Jersey. No American athlete has influenced two sports as profoundly as Kahanamoku did, and yet he remains an enigmatic and underappreciated figure: a dark-skinned Pacific Islander who encountered and overcame racism and ignorance long before the likes of Joe Louis, Jesse Owens, and Jackie Robinson. Kahanamoku's connection to his homeland was equally important. He was born when Hawaii was an independent kingdom; he served as the sheriff of Honolulu during Pearl Harbor and World War II and as a globetrotting "Ambassador of Aloha" afterward; he died not long after Hawaii attained statehood. As one sportswriter put it, Duke was "Babe Ruth and Jack Dempsey combined down here." In *Waterman*, award-winning journalist David Davis examines the remarkable life of Duke Kahanamoku, in and out of the water.
