Government In America, 15th Edition - APGovReview.com

Government in America: People, Politics, and Policy. by George C. Edwards, Martin P. Wattenberg, Robert L. Lineberry by George C. Edwards | Mar 1, 2013 4.2 out of 5 stars 64

This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Making politics personal, Bardes/Shelley/Schmidt's American Government and Politics Today, The Essentials, Enhanced 19th Edition equips you with the tools and insight to become an active, informed citizen. Unbiased, updated with Election 2018 analysis and extremely student-friendly, the text combines a conversational, easy-to-read style with thorough coverage in a streamlined format. Political authorities as well as longtime professors who know what today's students like, the authors incorporate a wealth of current, compelling and thought-provoking examples that bring chapter concepts to life. In addition, numerous hands-on activities help you figure out where you stand on key issues so you can put your views into action. Also available: MindTap, Cengage Learning's fully online learning solution.

Known for the extremely student-friendly, jargon-free style of the two books from which it was made, the new American and Texas Government: Policy and Politics introduces the essentials of American and Texas government in a way that any student can understand. Neal Tannahill's American Government and Texas Government are offered together in one comprehensive and accessible text. This new version features the same public policy emphasis that shows students the impact that government has on their lives, and offers the wealth of useful study aids and exercises to engage students in the course material and encourage them to become active participants in their government. This new edition is published as a Longman Study Edition and therefore contains a battery of chapter tests for student study and practice. It also offers the latest coverage of issues in both American and Texas government, including the results of the 2008 elections, immigration reform, and the challenge posed by nuclear programs in Iran and North Korea.

New York Times Bestseller • Notable Book of the Year • Editors' Choice Selection One of Bill Gates' "Amazing Books" of the Year One of Publishers Weekly's 10 Best Books of the Year Longlisted for the National Book Award for Nonfiction An NPR Best Book of the Year Winner of the Hillman Prize for Nonfiction Gold Winner • California Book Award (Nonfiction) Finalist • Los Angeles Times Book Prize (History) Finalist • Brooklyn Public Library Literary Prize This "powerful and disturbing history" exposes how American governments deliberately imposed racial segregation on metropolitan areas nationwide (New York Times Book Review). Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein's The Color of Law offers "the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation" (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, "virtually indispensable" study that has already transformed our understanding of twentieth-century urban history (Chicago Daily Observer), The Color of Law forces us to face the obligation to remedy our unconstitutional past.

The images in this textbook are in grayscale. American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein's The Color of Law offers "the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation" (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods.
