Help Our Heroes A Military Charity Anthology

Laurie Hollander and Marybeth Vandergift started with a simple goal: to make a difference in the lives of our most severely wounded and injured service men and women who had served since the start of the Iraq and Afghanistan wars. So, in December of 2009 they got together with some friends and founded Help Our Military Heroes (HOMH). Since then HOMH has awarded over 140 adaptive minivans to some of our Nations' most deserving, and most inspiring, service men and women, and has expanded ...

Inspiration for Active -Duty Military and Their Hometown Heroes This encouraging book is more than just a helpful guide for families on active duty. Ellie offers today's generation of families the encouragement they need as they encounter the challenges military families face, whether they're Reserves, National Guard, or full-time active duty. As the wife of an Air Force pilot and the mom of five kids, Ellie has an inside perspective on how to cope with frequent moves, be ready for imminent deployment, and stay in touch over long distances. Her sage advice and witty humor give families some sense of comfort when military life seems chaotic. Ellie is "bent on ensuring our military members and families are thanked, loved, and know they are serving with support" (Command Chief Master Sergeant Vance M. Clarke, USAF).

What is happening to our country? This question is heard more and more frequently these days as Americans worry about the unrelenting attacks by so-called progressives on the foundation, core values, and history of our nation. Nobody is more concerned than those Americans who volunteered to serve in uniform and willingly put their lives on the line to protect the United States and all it represents. Based on interviews by the authors, this book explains why many of our American heroes believed in and loved our nation enough to go into harm's way to defend it, and why so many of them now question if America is still the country they fought for. More importantly, it asks—is America still worth fighting for?

We all encounter difficult obstacles throughout our lives. It's the way that we respond to these events that defines us. First Aid for Heroes is the motivational story of Jane H. Davis: daughter, military spouse, mother, grandmother, and caregiver. Jane has dealt with many challenging obstacles in her life and persevered forward with passion. Follow Jane's story as she copes with her husband's major illnesses, her mother's loss, and the emotional time when she was a Red Cross volunteer at Ground Zero in NYC for six and a half weeks after 9/11. These defining moments forced Jane to examine her inner strength and her ability to survive through very difficult and trying times.
