Hooked Five Addicts Challenge Our Misguided Drug Rehab [---](#)

Hooked is a very good book. It starts of as one of those investigative journalist things with a description of real drug addicts. Often books of this type look at these people as if they were the inmates of a zoo, but rather than doing that the book uses their problems to illustrate the difficulties which plague organisations which provide assistance to drug addicts.

Amazon.com: Customer reviews: Hooked: Five Addicts [---](#)

Shavelson, a physician and journalist (and neither a “recovery” professional, nor an academic, nor a reformed addict), spent two years following the often-Kafkaesque journeys of five different addicts (Heroin-2, meth-1, crack-1, alcohol-1) as they were dealt with by the network of recovery facilities in San Francisco in the late 1990’s, when that city initiated an “open door” policy promising the availability of treatment for all who sought it.
