Harry Houdini Timeline

Joe Posnanski enters the colorful world of Harry Houdini and his legions of devoted fans to explore the illusionist’s impact on global culture—and why his legacy endures to this day. Nearly a century after Harry Houdini died on Halloween in 1926, he feels as modern and alive as ever. The name Houdini still leaps to mind whenever we witness a daring escape. The baby who frees herself from her crib? Houdini. The dog who vanishes and reappears in the neighbor’s garden? Houdini. Every generation produces new disciples of the magician, from household names in magic like David Copperfield and David Blaine to countless other followers whose lives have been transformed by the power of Houdini. In rural Pennsylvania, a thirteen-year-old girl finds the courage to leave a violent home after learning that Houdini ran away to join the circus; she eventually becomes the first female magician to saw a man in half on television. In Australia, an eight-year-old boy with a learning impediment feels worthless until he sees an old poster of Houdini advertising “Nothing on earth can hold Houdini prisoner,” and begins his path to becoming that nation’s most popular magician. In California, an actor and Vietnam War veteran finds purpose in his life by uncovering the secrets of his hero. But the unique phenomenon of Houdini was always more than his death-defying stunts or his ability to escape handcuffs and straitjackets. It is also about the power of imagination and self-invention. His incredible transformation from Ehrich Weiss, humble Hungarian immigrant and rabbi’s son, into the self-named Harry Houdini has won him a slice of immortality. No one has withstood the test of time quite like Houdini. Fueled by Posnanski’s personal obsession with the magician—and magic itself—The Life and Afterlife of Harry Houdini is a poignant odyssey of discovery, blending biography, memoir, and first-person reporting to trace Houdini’s metamorphosis into an iconic figure who has inspired millions.

Using exclusive access to newly uncovered archives, Kalush and Sloman reveal the clandestine agreements in which the British and Americans recruited Houdini to be an active secret agent. In exchange for his cooperation, the governments of these two countries facilitated his rise to the top of the world stage. The authors give thrilling accounts of his assignments, such as his participation in early aerial surveillance and his use of his own magic magazine to communicate espionage-related information. After the war, Houdini embarked upon what became his most dangerous mission when he took on the Spiritualist movement. Convinced that Spiritualist mediums were frauds, he became obsessed with exposing them. But the Spiritualists were a powerful adversary. An organized network of fanatics, led by Sherlock Holmes creator Arthur Conan Doyle, worked relentlessly to orchestrate a campaign that would silence Houdini forever. Grounded in solid research, but as exciting and dramatic as a good thriller, THE SECRET LIFE OF HOUDINI traces the magician’s long and circuitous route from struggling vaudevillian to worldwide legend.

For many performers, stage life and real life are separate identities. For master illusionist Harry Houdini, the two were inextricably linked. In this widely acclaimed biography, Ruth Brandon shows how Houdini’s obsession with his own mortality drove him to create death-defying stunts that not only captivated the public but also subdued his own raging psychological demons. As Brandon relates Houdini’s methods of escape, she asks: What was he trying to escape from? Her exploration of the psychic landscape of one of the most enduringly famous performers of the twentieth century makes for utterly fascinating reading. Brandon reveals much that is new: how Houdini invented a phantom son; why he wrote long daily letters to his wife, Bess, who lived one floor below him; his combative relations with mediums and spiritualists, including Arthur Conan Doyle; and the first full description of his fabled death. This definitive biography allows readers to peer into Houdini’s psyche and understand him more deeply than ever before.

&&LDIV&&R&&LDIV&&R&&LP style="MARGIN: 0in 0in 0pt"&&RILlusionist, escape artist, movie star, aviator, and spy—Harry Houdini was all these and an international celebrity and the world’s most famous magician. This fascinating biography looks at all the facets of Houdini’s amazing life and includes 21 magic tricks and illusions for a hands-on learning experience. Children will be inspired by this Jewish immigrant who grew up in poverty and, through perseverance and hard work, went on to become one of the most popular and successful entertainers of all time. Houdini was an artist who created his acts carefully, practicing them for years in some cases. He performed such seemingly impossible stunts as escaping several sets of handcuffs and ropes after jumping off a bridge into a flowing river. &&LP&&R&&LP style="MARGIN: 0in 0in 0pt"&&R Kids will learn how he devised his most legendary stunts and will also learn the science and logic behind many of Houdini’s acts including his famous milk can escape. "In graphic novel format, explores the life of Harry Houdini and describes some of his most daring escapes"--Provided by publisher.

Written by the master magician himself, this fascinating work reveals the secrets behind how Houdini escaped numerous death-defying stunts and exposed a variety of fake spiritualists. He also gives instructions for 44 eye-catching stage tricks, as well as other fascinating material. 155 illustrations.

“Richly lyrical and thought-provoking” (Publishers Weekly, starred review), this “stellar debut from a novelist to watch” (Geraldine Brooks, Pulitzer Prize winning author) explores the passionate marriage of Harry Houdini and his wife, Bess—a love story that defied death itself. Before escape artist Harry Houdini died, he vowed he would find a way to speak to his beloved wife, Bess, from beyond the grave using a coded message known only to the two of them. But when a widowed Bess begins seeing this code in seemingly impossible places, it becomes clear that Harry has an urgent message to convey. Unlocking the puzzle will set Bess on a course back through the pair’s extraordinary romance, which swept the illusionist and his bride from the beaches of Coney Island, to the palaces of Budapest, to the back lots of Hollywood. When the mystery finally leads Bess to the doorstep of a mysterious young photographer, she realizes that her husband’s magic may have been more than just illusion. In surprising turns that weave through the uncertain days of the dawn of the twentieth century and continue into the dazzling 1920s, Mrs. Houdini is a “dazzling and enchanting” (Sheff Awareness, starred review) tale, “a marvel that gallops through time and space” (Associated Press), and a “mesmerizing reimagining” (People) of one of history’s greatest love stories.

Every kid has heard of Harry Houdini, the famous magician who could escape from handcuffs, jail cells, and locked trunks. But do they know that the ever-ambitious and adventurous Houdini was also a famous movie star and the first pilot to fly a plane in Australia? This well-told biography is full of the details of Houdini's life that kids will really want to know about and illustrated throughout with beautiful black-and-white line drawings. Illustrated by John O'Brien.

Presents the life of the Hungarian magician, including illustrations of people, places, and artifacts of the times in which he lived.
