Programmable Electronic Safety Related Systems INTERNATIONAL STANDARD NORME INTERNATIONALE

IEC 61508 is the international standard for electrical, electronic and programmable electronic safety related systems. IEC 61508:2010 was published as Edition 2 in 2010. It sets out the requirements for ensuring that systems are designed, implemented, operated and maintained to provide the required safety integrity level (SIL).

~~What is IEC 61508?~~

Parts 1, 2, 3 and 4 of IEC 61508 are designated as IEC basic safety publications. This means that IEC Technical Committees will have to use these parts in the preparation of each of their own product or application

The other two parts, IEC 61508-6 and IEC 61508-7, contained informative text in support of IEC 61508-2 and IEC 61508-3, and responsibility was divided accordingly between MT61508-1/2 and MT61508-3. IEC 61508 Edition 2.0 was published in April 2010 and will not be replaced by a new edition before 2014.
