Upgrade 6.12.65 to 10.13.66 - FreePBX
Community Forums

This should work on FreePBX Distro versions 6.12 and 10.13 running either Asterisk 11 or 13. Other versions or non-distro systems may also work, but have not been tested. There are legacy options to use non-mysql databases, but it's not a supported configuration.
