now and for the future, this book explores the concept of 'cutting edge' internal auditing as an imaginative adventure: demonstrating how this has influenced and will continue to influence the development of professionalism in internal auditing. Built on the foundations of Jeffrey Ridley's extensive internal auditing experience across the public and private sectors, the author uses his articles and research to explore and develop the motivations, goals and categories of innovation in internal auditing today. It develops and brings up to date an imaginative internal auditing model, created and used by the author in the early 1980s, drawing on research and guidance by The Institute of Internal Auditors Inc., its Research Foundation and the Institute of Internal Auditors - UK and Ireland. Each chapter stands alone by focusing on an individual internal auditing theme, considered from both the perspective of

This book helps auditors understand the reality of performing the internal audit role and the importance of properly managing ethical standards. It provides many examples of ethical conflicts and proposes alternative actions for the internal auditor. Internal auditors are well-schooled on the IIA Standards, but the reality is that the pressure placed on internal auditors related to execution of work and upholding ethical standards can be very difficult. Regardless of best practice or theory, auditors must be personally prepared to manage through issues they run across.

Cases in Auditing presents students with realistic problems in a case study format, which they are required to solve by applying their knowledge of auditing theory and auditing and accounting standards. The cases require the student to adapt auditing techniques to the demands of a particular situation. The author believes that structuring the book in this way gives the student an appreciation of the need for the auditor to identify the key elements of a client's business, and design an audit that is responsive to them. The Second Edition contains updated versions of 14 of the earlier cases and adds 8 new cases covering: an audit of a computerized
