**Nutshell** is the set of laws that have been created by the government to protect the environment.

*What Is International  
Environmental Law? | Field*  
International Environmental  
Law is one of the most  
interesting and developing  
areas of Public  
International Law. It was  
only in the 1970s and 80s  
that states started to  
understand that the  
environment requires  
protection, that oceans  
should not be polluted, that  
species are declining.
