The official novelization of the summer blockbuster *Godzilla: King of the Monsters*, the latest film in the *MonsterVerse*™ franchise, starring Kyle Chandler, Vera Farmiga, Millie Bobby Brown, with Ken Watanabe and Ziyi Zhang. *Godzilla: King of the Monsters* follows the heroic efforts of the cryptozoological agency Monarch as its members face off against a battery of god-sized monsters, including the mighty Godzilla, who collides with Mothra, Rodan, and its ultimate nemesis, the three-headed King Ghidorah. Christopher Nolan's *Memento* is an intricate, original, fascinating thriller, hailed by Philip French of the *Observer* as 'one of the year's most exciting pictures'. Its protagonist Leonard (Guy Pearce) is a puzzle, even to himself. He sports the trappings of an expensive lifestyle, yet he lives in seedy motels, and seems to be on a desperate mission of revenge to find the man who murdered his wife. Worse, Leonard suffers from a rare form of amnesia that plagues his short-term memory, so in order to keep track of his life, he must surround himself with written reminders, some of them etched onto his own flesh. In this state, Leonard finds that nothing is what it seems, and no one can easily be trusted. Following (1998) was Christopher Nolan's micro-budgeted debut feature. Bill (Jeremy Theobald), a lonely would-be writer, spends his considerable free time stalking strangers at random through the

streets of London. This vicarious form of 'research' takes an unexpected turn when Bill is caught out by one of his quarries: a suave cat burglar who introduces him to the art of breaking and entering. Soon Bill is striking up a liaison with a girl whose flat he has turned over. But Bill discovers too late that he is out of his depth. This volume includes both screenplays, plus an interview with Christopher Nolan and Jeremy Theobald in which they talk to James Mottram about the making of *Following*, and a piece by Christopher Nolan and his brother Jonathan Nolan, author of the story on which *Memento* was based, in which they recall the conception of the film.
