~~How to write an introduction to an essay - BBC Bitesize~~

There's no one perfect way to write an introduction. Your technique will vary depending on factors like topic, the tone of your publication, and your audience. Here are a few do's and don'ts. Do keep your introduction paragraph short.

~~Here's How to Write an Introduction (Examples and Tips) -~~

Write an introduction. Write the main body. Write a conclusion. Your introduction should tell the reader what to expect from your essay. Stay focussed on the question, and keep it brief. Do not give very broad background information on the general topic, but focus instead on what is relevant to answering the set question.

APA format is a specific writing style that is used to cite references within the social sciences fields. High school and college students, as well as career professionals, often use APA format when writing research papers or literature reviews. APA style specifically refers only to the formatting of content and not the content itself. Guidelines on writing an introduction are helpful in getting started on the introduction for a paper written in APA style.
