INTRODUCTION TO FINANCIAL PLANNING - SlideShare

The word, “plan”, is both a noun and a verb. We see easily that the verb, or the action of planning, comes before the noun, or the “plan”. Put differently, the plan is the output of the planning process. Therefore, financial planning is an action or series of actions taken with the intention of producing a comprehensive financial plan. Contained within the plan are more actions to be taken, but these actions are not “financial planning”, per se, but rather actions related to your ...

Introduction to Financial Planning | Frank Financial Advisors

INTRODUCTION TO FINANCIAL PLANNING. Financial planning is the process of managing your finances in line with your life goals. Life goals can include buying a home, managing your and your children’s wellbeing, saving for their education or planning for your retirement. A financial planning process involves gathering your financial information, setting life goals, examining your current financial status and coming up with a strategy or plan for how you can meet your goals given your current ...
