In the years between WWI and WWII, young Henryk Goldszmidt dreamed of creating a better world for children. As an adult, using the pen name Janusz Korczak, he became a writer, doctor, and an enlightened leader in the field of education, unaware to what use his skills were destined to be put. Dr. Korczak established a Jewish orphanage in Warsaw where he introduced the world to his progressive ideas in child development and children's rights. When the Nazis occupy Warsaw, the orphanage is moved to the ghetto, and when the 200 children in his care are deported, Dr. Korczak famously refuses to be saved, marching with his charges to the train that will take them to their deaths. was more than a good doctor. He was a hero. The Dr. Spock of his day, he established orphanages run on his principle of honoring children and shared his ideas with the public in books and on the radio. He famously said that children are not the people of tomorrow, but people today. Korczak was a man ahead of his time, whose work ultimately became the basis for the U.N. Declaration of the Rights of the Child. Korczak was also a Polish Jew on the eve of World War II. He turned down multiple opportunities for escape, standing by the children in his orphanage as they became confined to the Warsaw Ghetto. Dressing them in their Sabbath finest, he led their march to the trains and ultimately perished with his children in Treblinka. But this book is much more than a biography. In it, renowned nonfiction master Albert Marrin examines not just Janusz Korczak's life but his ideology of children: that children are valuable in and of themselves, as individuals. He contrasts this with Adolf Hitler's life and his ideology of children: that children are nothing more than tools of the state. And throughout, Marrin draws readers into the Warsaw Ghetto. What it was like. How it was run. How Jews within and Poles without responded. Who worked to save lives and who tried to enrich themselves on other people's suffering. And how one man came to represent the conscience and the soul of humanity. Filled with black-and-white photographs, this is an unforgettable portrait of a man whose compassion in even the darkest hours reminds us what is possible.

"Korczak's words resonate across the years and have amazing modern-day relevance."—Jim Harding, director of the National Society for the Prevention of Cruelty to Children Born in Poland in 1878, educator, physician, and legendary child advocate Janusz Korczak believed that simply understanding children is the key to being able to take care of them. It's a basic premise too often overlooked. This collection of one hundred quotations and passages from Korczak's writings provides valuable advice on how to take care of, respect, and love every child. In an inviting gift-book format, this is a heartfelt and helpful reminder of who we were as children and who we might become as parents.
