```
doc.appendChild(mainRootElement); // append child elements to root element. mainRootElement.appendChild(getCompany(doc, "1", "Paypal", "Payment", "1000"));
```

~~Java: Simple Way to Write XML (DOM) File in Java • Crunchify~~
DOM. Document Object Model (DOM) is a standard tree structure, where each node contains one of the components from an XML structure. Element nodes and text nodes are the two most common types of nodes. With DOM functions we can create nodes, remove nodes, change their contents, and traverse the node hierarchy.

~~Java DOM tutorial – read and write XML with DOM in Java~~

Create a Document from a file or stream. StringBuilder

```
xmlStringBuilder = new StringBuilder();  
xmlStringBuilder.append("<?xml version='1.0'?> <class>  
</class>");  
ByteArrayInputStream input = new  
ByteArrayInputStream(  
xmlStringBuilder.toString().getBytes("UTF-8"));  
Document doc =  
builder.parse(input);
```

~~Java DOM Parser – Parse XML Document – Tutorialspoint~~

These are notified through call-back methods. Both DOM and Sax are older APIs and I recommend not using them anymore. Stax (Streaming API for XML) is an API for reading and writing XML Documents. It was introduced in Java 6.0 and is considered superior to SAX and DOM.

~~Java and XML – Tutorial~~

xml-writer(npm package) I think this is the good way to create and write xml file easy. Also it can be used on server side with nodejs.
var XMLWriter = require('xml-writer');
xw = new XMLWriter;
xw.startDocument();
xw.startElement('root');
xw.writeAttribute('foo', 'value');
xw.text('Some content');
xw.endDocument();
console.log(xw.toString());

~~Reading XML Data into a DOM (The Java™ Tutorials > Java ...~~

In this Java xml parser tutorial, Learn to read xml with DOM parser in Java. DOM parser is intended for working with XML as an object graph (a tree like structure) in memory – so called “Document Object Model (DOM)“. In first, the parser traverses the input XML file and creates DOM objects corresponding to the nodes in XML file. These DOM objects are linked together in a tree like structure.
